## WILSON RAISES PRICE FOR 1918 CROP OF WHEAT

Guaranteed Price As  
High As \$2.28 Per  
Bushel—Varies At  
Other Markets

WASHINGTON, Feb. 23.—President Wilson today raised the government guaranteed price for the 1918 wheat crop as high as \$2.28 a bushel in one primary market and in varying sums in all other primary markets except four. The Chicago price was put at \$2.20.

Acting under authority of the food law the president thus met the agitation in congress for higher prices and took steps to stimulate production and prevent holding back the crop while the agitation was going on.

The prices fixed, the president declared would assure the producer of a reasonable profit. On the basis of No. 1 Northern Spring wheat and its equivalents, the president fixed the prices as follows:

Chicago, \$2.20.  
Omaha, \$2.15.  
Kansas City, \$2.15.  
St. Louis, \$2.18.  
Minneapolis, \$2.17.  
Duluth, \$2.17.  
New York, \$2.28.  
Philadelphia, \$2.27.  
Baltimore, \$2.27.  
New Port News, \$2.27.  
Charleston, \$2.27.  
Savannah, \$2.27.  
Portland, Ore., \$2.05.  
San Francisco, \$2.10.  
Los Angeles, \$2.10.  
Galveston, \$2.20.  
New Orleans, \$2.20.  
Great Falls, Mont., \$2.00.  
Fort Worth, Texas, \$2.09.  
Oklahoma City, \$2.05.  
Wichita, \$2.08.

The equivalents of number 1 Northern to which the same price applies are number 1 hard winter; No. 1 Red winter; No. 1 Durum; No. 1 hard white. The wheat must be harvested in the United States during 1918 and sold in the market before June 1, 1919.

Wilson's Proclamation.  
The president's proclamation states that the action is to meet an emergency requiring the stimulation of wheat planting.

In a statement accompanying his proclamation the president said: "Under the food control act of August 10, 1917, it is my duty to announce a guaranteed price for wheat of the 1918 harvest.

"I am, therefore, issuing a proclamation setting the price at the principal interior primary markets. It makes no essential alteration in the present guarantee. It is a continuation of the present prices of wheat with some adjustments arising from the designation of additional terminal marketing points.

"This guaranteed price assures the farmer of a reasonable profit even if the war should end within the year and the large stores of grain in those sections of the world that are now cut off from transportation should again come into competition with his products. To increase the price of wheat above the present figures or to agitate any increase of price would have the effect of very seriously hampering the large operations of the nation and of the allies by causing the wheat of last year's crop to be held from the market. It would, moreover, dislocate all the present wage levels that have been established after much anxious discussion and would therefore create an industrial unrest which would be harmful to every industry in the country.

Says Farmers Will Accept.

"I know the spirit of our farmers and have not the least doubt as to the loyalty with which they will accept the present decision. The fall wheat planting, which furnishes two thirds of our wheat production, took place with no other assurance than this and the farmers' confidence was demonstrated by the fact that they planted an acreage larger than the record of any preceding year, larger by two million acres than the second largest record year and seven million acres more than the average for the five years before the outbreak of the European war.

"It seems not to be generally understood why wheat is picked out for price determination and only wheat, among the cereals. The answer is that while normal distribution of all our farmer products has been subject to great disturbances during the last three years because of war conditions only two commodities, namely, wheat and sugar, have been so seriously affected as to require governmental intervention.

"The disturbances which affect these products (and others in less degree) arise from the fact that all of the overseas shipping in the world is now under government control and that the government is obliged to assign tonnage to each commodity that enters into commercial overseas traffic. It has consequently been necessary to establish single agencies for the purchase of food supplies which must go abroad. The purchase of wheat in the United States for foreign use is of so great volume in comparison with the available domestic supply that the price of wheat has been materially disturbed and it became necessary in order to protect both the producer and the consumer to prevent specu-

## SETTLES NATIONAL LEAGUE'S ACCOUNT

Attorney for League Pays \$55,000 to Federal League Representatives.

New York, Feb. 23.—John C. O'Toole, attorney for the national baseball league today handed over a check for \$55,000 to James Hindman, attorney for former Federal League clubs, settling the National League's account up to date with the Federal League clubs under the terms of the agreement of two years ago.

Of the amount \$25,000 goes to the Pittsburgh Trust company, receivers of the former Pittsburgh Federal League Club, which settles in full of the National League's obligation to that club; \$25,000 goes to the Robert B. Ward estate for two years' rental of the Brooklyn Federal League Ball Park and \$10,000 to Harry Sinclair for two years' rental of the Newark Federal League grounds.

It also was announced that the National League has eighteen more annual payments of \$10,000 each to do to the Ward Estate and eight additional payments of \$5,000 to Sinclair.

President B. P. Johnson of the American League, it was said, also will send a check for \$55,000 to the Federal League attorney in the near future as the American League's share of the Federal League peace indemnity.

John K. Tener, president of the National League will make all future payments for his league without further action by that body.

## ATHLETES COMPLETE

Baltimore, Mr. Feb. 23.—Noted athletes from all parts of the country competed in the fourteenth indoor games of the athletic association of Johns Hopkins University here tonight the chief feature of which was the two mile relay race between Cornell and University of Pennsylvania.

It was necessary therefore for the government to exercise a measure of direct supervision as far as possible to control purchases of wheat and the processes of its exportation.

Thinks Price is Fair.  
"This supervision necessarily amounted to price fixing and I therefore, thought it fair and wise that there should be a price stated that should be at once liberal and equitable.

"Those peculiar circumstances governing the handling and consumption of wheat put the farmer at the very center of war service. Next to the soldier himself, he is serving the country and the world and serving it in a way which is absolutely fundamental to his own future, safety and prosperity. He sees this and can be relied upon as the soldier can.

"The farmer is also contributing men to the army and I am keenly alive to the sacrifices involved. Out of 13,800,000 men engaged in farm industries 205,000 have been drafted or about 1.48 per cent of the whole number. In addition to these, there have been volunteers and the farmers have lost a considerable number of laborers because the wages paid in industrial pursuits drew them away. In order to relieve the farming industry as far as possible from further drains of labor the new draft regulations have been drawn with a view to taking from the farms an even smaller proportion of men, and it is my hope that the local exemption boards will make the new classifications with a view of lightening the load upon the farmers to the utmost extent.

"The secretary of war has asked for authority to furlough soldiers of the national army if conditions permit it so that they may return to their farms when assistance is necessary in the planting and harvesting of the crops. National and local agencies are actively at work besides in organizing community help for the more efficient distribution of available labor and the drawing upon new sources of labor. While there will be difficulties and very serious ones, there will be difficulties which are among the stern necessities of war.

## Railways are Co-operating.

"The federal railway administration is co-operating in the most active, intelligent and efficient way with the food administration to move the difficulties of transportation and of the active movement of the crops.

"The marketing is to be facilitated and the farmers given the opportunity to realize promptly upon their stocks.

"The department of agriculture and the food administration will continue to co-operate as heretofore to assist the farmer in every way possible. The questions of production, of the marketing of farm products of conservation in the course of production and of agricultural labor and farm problems generally, will be handled by the department of agriculture while all questions of distribution of food supplies to the allies and of the conservation in consumption will be handled by the food administration; but the chief reliance is upon the farmer himself and I am sure that reliance will be justified by the results. The chief thing to be kept clearly in mind is that regulations of this sort are only a part of the great general plan of mobilization into which every element in the nation enters in this war as in no other. The business of war touches everybody. It is a stern, business, a co-operative business, those of energy and sacrifice, a business of service in the largest and best and most stirring sense of that great word."

## M'ADOO WILL AID HOOVER IN FOOD TRANSPORTATION

Promises to Move Country's Food Needs As Administrator May Demonstrate

WASHINGTON, Feb. 23.—Prompt adjustment of railroad transportation to the country's food needs as Food Administrator Hoover may demonstrate them was promised today by Director General McAdoo, who reiterated his statement of yesterday that practically all food offered for movement by farmers and food dealers is being transported.

Railroad administration officials pointed to the report that virtually no ships in New York harbor were held up because of food products. Some ships are detained at South Atlantic and Gulf ports, they said, because grain merchants of the west are not loading cars as rapidly as had been expected.

Reports to the food administration continued to tell of shortage of cars however, particularly for the transportation of grain products eastward from western primary markets. The railroad administration offered the explanation that if this condition exists it must be caused by the failure of the shippers or the food administration to make specific request for cars.

The danger of a serious food shortage in the east to which Mr. Hoover referred two days ago in his statement which precipitated extensive public discussion of the relations between high prices of food in the east and railroad transportation was emphasized less today by the food administrator.

Replying to a letter from Mr. McAdoo promising to provide for every food shipment to which his attention was called by the food administration, Mr. Hoover said:

"I am certain that this assurance from you will greatly quiet the growing apprehension in the country of the last few weeks."

Mr. McAdoo replied to this letter by saying that Mr. Hoover had failed to point special instances of failure of railroad to move foodstuffs. Both officials explained that their relations were entirely friendly and their efforts to clarify the food and transportation situation did not represent a controversy either in fact or in spirit.

Mr. McAdoo said he was only trying to help Mr. Hoover and to do the best possible for the country and that his only antagonism was for the Kaiser.

Subordinate officials of the food and railroad administrations however, did not display the same degree of friendliness.

Railroad men referred to reports that food shippers had not always utilized the empty cars supplied to them and cited the case of a Lawrence, Kans., elevator which they claimed did not load more than three fourths of the empties ordered to its sidetrack on requisition of the food administration. Food administration men said the case was exceptional.

## HOPE TO CURTAIL HIGH SALARIES

WASHINGTON, Feb. 23.—Steps toward economy involving curtailment of many intra-state free passes restriction of new high salaries positions and limitation of overhead expenses in railway financing, were taken today by the railroad administration. At the suggestion of government railroad officials the interstate commerce commission ordered roads to report fully by March 25 detailed information concerning their practices in issuing intra-state passes.

In a general order Mr. McAdoo forbade railway companies to create new offices or fill vacancies except when absolutely necessary and advised consultation with the director-general in cases of doubt.

Monthly reports were required on increases of salaries to men receiving between \$3,000 and \$10,000 and it was specified that vacancies in offices above the grade of general manager could be filled only with the director-general's approval. These orders referred to officers whose salaries are charged to operating expenses, and includes most of the highly paid men.

## FIRST DEATH REGISTERED

Peoria, Ill., Feb. 23.—The first death from the epidemic which has been sweeping Peoria for the past few days was recorded tonight when a six months old infant died after an illness of 24 hours. An autopsy completed today by Prof. W. H. Packard of Bradley Polytechnic Institute showed that the water supply was contaminated. Professor Packard announced the result of his analysis tonight. It was made independently by him and the water analyzed was taken from the hydrant in his home last Thursday. The analysis showed a bacterial count of 1,500 per cubic centimeter whereas the maximum allowed under the United States government standard is 100.

Austin King, Claude Dobson, William McKean, Gladys Osborne, L. Thurston, John Williamson, William Bacon and T. E. Raugh were all up to the city from Murrayville yesterday.

## War News Summarized

With the Germans continuing their march into Russia so far victoriously unopposed, the eventuality of their pushing on to Petrograd before consenting to re-open peace negotiations with the Bolsheviks is evidently being given earnest consideration in the Russian capital.

Guerilla warfare has been indicated as the probable method of the Russian defense as the Germans press across the country, but the indications are that a stiffer defense of the capital is contemplated.

Meanwhile the entente embassies in Petrograd are reported in sympathetic mood with Russia's present plight and ready by such means as are in their power to give assistance to her people in fighting off the advancing enemy. The embassies also are shown by the official advice to Washington to have decided to accompany the Bolshevik government from Petrograd should the German menace compel the abandonment of the city.

Already the headquarters of the Russian western army has been removed to Smolensk, more than fifty miles further into the interior than Mohilev, the former headquarters town. The Germans are approaching the line of the Beresina, about 60 miles east of Minsk, in this sector. To the north they have reached Walek in Livonia, 90 miles northeast of Riga, and are continuing to move eastward in Estonia. In Volhynia they have occupied Dubno, the remaining stronghold of the Volhynia fortress triangle in their advance toward Kiev, which, however, is still more than 175 miles distant.

In Turkish Armenia the Turks have begun an offensive, which is declared to have started before the expiration of the armistice. They are reported driving the Russians eastward along the Black Sea coast, occupying Platana, fifteen miles west of Trebizond apparently cutting off a Russian force which had assembled for the evacuation already in progress.

Military operations elsewhere have been of minor importance. The French carried out a raid of considerable scope in the Laon region north of the Ailette river, taking war material and twenty-five prisoners.

A few other Germans were taken prisoner in a raid in the Champagne. British troops raided the enemy lines on the Arras front and in Flanders.

The inter-allied labor conference in London reached a determination not to accept a German peace in any circumstances and to support the British war aims program. There was no intention on labor's part of holding out the olive branch to Germany so long as she persisted in her rampant militarism, the conferees declared.

## ADDITIONAL LIST OF TUSCANIA DEAD

Names of Sixteen Identified Dead American Soldiers Have Been Received.

Washington, Feb. 23.—The war department tonight gave out an additional list of the names of sixteen identified dead American soldiers who lost their lives in the torpedoing of the liner Tuscania by a German submarine Feb. 6. Nine of them previously had been reported in Associated Press despatches from a Scottish port.

The seven not previously identified were:

Privates Gunder G. Austad, Okla.; Minn.; Sterling Colborn, St. James, Ark.; Arthur S. Harvey, Eau Claire, Wis.; Joseph R. Redfield, Glendale, Ore.; Edward L. Rount, Pecan Gap, Texas; Thomas S. Wasson, Koscusko, Miss.; and Claude W. Walker, Los Angeles.

Walker had not previously been listed as unaccounted for and no announcement was made as to the unit to which he was attached.

With the reporting of these six names, the Associated Press list of unaccounted for stands at 66, including 32 unidentified dead buried on the Scottish coast.

An Associated Press despatch from London last Wednesday said latest figures at American army headquarters there showed that 204 Americans lost their lives on the Tuscania, 140 of whom had been identified and buried. Thirty two unidentified had been buried, leaving 33 missing who presumably had gone down with the ship.

## REV. PERCY EPLER IS HERE.

Will Preach in the Congregational Church This Morning.

Attention is again called to the visit of Rev. Percy Epler of Indianapolis to his boyhood home and the welcome fact that he is to speak in the Congregational church this morning. Many of his friends will be glad to hear him today.

## WILL BE HERE WEDNESDAY

H. J. Rice, secretary of the Farmer's club has received a letter from G. B. Kendall who was recently selected as farm advisor for Morgan county announcing that he will be here Wednesday, February 27. Mr. Kendall will have an office in the country house, the county commissioners having agreed to furnish a room for the purpose. Mr. Kendall will enter immediately upon his duties.

## COW SALE AT WAVERLY.

The cow sale held at Waverly Saturday by Swift and Beatty was well attended and offerings brought fair prices, the sale totalling approximately \$6,000. There were about forty head of milk cows sold and these averaged from \$135 to \$150. The auctioneers were Seymour and Doolin. Louis Roberts of Franklin acted as clerk.

## BAKER ASKS FOR ASSISTANTS FOR WAR DEPARTMENT

Administration Bill Creating New Secretaries of War Before Congress

WASHINGTON, Feb. 23.—With the administration bill creating two additional assistant secretaries of war before congress, Secretary Baker today explained the functions to which he is new aides would be assigned. He would not indicate who he had in mind for the posts, saying the nominations were matters for the president only, but names unofficially suggested include those of Edward R. Stettinius, now surveyor general of war department purchases; Major General Goethals, acting quartermaster general, and Raymond D. Fosdick, chairman of the commission on training camp activities.

Mr. Baker said that assistant Secretary Crowell would be the direct understudy of the secretary and assume the duties of the head of the war department in his absence. The new second assistant will have supervision of all "industrial and commercial" activities of the war department acting in the name of the secretary on all matters of this character and supervising the purchases of all bureaus. The appointment of Mr. Stettinius as second lieutenant would be in line with Mr. Baker's statement to a congressional committee that the place of Mr. Stettinius in the department was one of "growing functions." In that connection, however, it was recalled today that recently the name of General Goethals had been prominently mentioned as an assistant secretary of war in discussions of changes in the war department.

Under General Goethals, the quartermaster's department has been reorganized and its work enlarged. The third assistant, Mr. Baker said will have direct supervision of all non-military activities of the soldier. That function is now exercised largely by Mr. Fosdick as chairman of the commission on training camp activities.

The position of fourth assistant will be held by John C. Scofield, now assistant and chief clerk and as such in charge of the administrative matters not directly under the various bureaus and of the entire clerical personnel of the department. Mr. Baker's purpose is to transfer to his new assistants many matters of detail which now handicap him in dealing with the broad policies it is his duty to work out. In this connection it was noted that he has reserved to him also all military questions.

## INTERESTING PICTURES.

S. M. Metcalf of this city has received from A. A. Dewey of Chicago pictures of that gentleman and his wife who have for many years been residents of the great city. The photographs were taken out of doors with large snowbanks for background and are quite good. Mr. Dewey well remembers his residence in this city where he and his brother conducted a dry goods store in the building now occupied by the two Browns with music. Mr. Metcalf and he were firm friends and have been ever since. Mr. Dewey said he and his wife recently celebrated their golden wedding anniversary.

## A FINE PICTURE.

Messrs. Andre and Andre have a fine photograph of over 1600 persons who sat down to a banquet given at Grand Rapids where they attended a great furniture sale and display. The occasion of this banquet was to honor and hear Dr. Wisheart, pastor of one of the leading churches of Grand Rapids and who had recently been with the troops in France. The Messrs. Andre say the address was a fine effort and was heard with great pleasure. The likenesses of the Jacksonville men are easily discernable in the picture.

## ALL DAY SEWING.

No. 1 Aid Society of Central Christian church spent the day Wednesday with one of the members, Mrs. J. S. Peckham in her home, sewing and knitting for the Red Cross. Dinner was served at noon, and a social, as well as a profitable day, was enjoyed by the number of ladies present, the entire membership being present with but one exception, a lady who lives in the country. All voted Mrs. Peckham a very good hostess.

## MANY PEOPLE IN TOWN.

A great many people were in the city yesterday, the roads permitting a good use of automobiles though in places the highways are yet rough and wet. Business was moderately good though the time is not here for spring trade.

## SIGNS WITH PITTSBURGH.

Kansas City, Mo., Feb. 23.—John Gangel, manager of the Kansas City club of the American Association announced tonight that Roy Sanders, pitcher, had signed a contract with the Pittsburgh Nationals.

## AT ST. JOHN'S HOSPITAL.

Dr. A. H. Kenniburn returned last night from Springfield where he was called to operate on two ladies at St. John's hospital.

## CHICAGO FLYER BRINGS DOWN GERMAN AIRPLANE

Member of Lafayette Flying Corps Engages Adversary at Height of a Mile—Hostile Plane Drops Into a Forest.

Paris, Feb. 23.—Vernon Booth of Chicago, of the Lafayette flying corps brought down a German airplane in a fight several miles inside the German line.

Booth was on patrol duty when he sighted his adversary in a two-seated machine and attacked him at a height of a mile. Several rounds were exchanged and soon the German began to descend. Booth followed the hostile airplane down until it dropped into a forest just inside the German line.

## Tried to Enlist With U. S.

Chicago, Feb. 23.—Vernon Booth, reported in dispatches from Paris today as having brought down a German airplane, was refused admission to the American army because he was underweight and is a son of Vernon Booth, formerly head of the Booth Fisheries and prominent in Chicago business circles. Some years ago the family moved to Baltimore and then to New York where they now reside. When young Booth was refused admission into the American army about a year ago he went to France and enlisted in the Lafayette escadrille.

## New York Flyer Killed.

Paris, Feb. 23.—Edward J. Loughran of New York flying on the French front in a French squadilla was killed ten days ago in an aerial combat. Loughran went across the German lines and was attacked by four enemy machines. He flew back to the French lines where he fell to earth and was dead when found. He was buried near Chalons, in the presence of the members of the Lafayette squadron.

## GERMANY WILL RENEW PEACE NEGOTIATIONS

Conditions are Set Forth by Imperial Government Before Peace Will Be Concluded.

London, Feb. 23. A Russian wireless government statement received here tonight says:

"Germany will renew peace negotiations and will conclude peace on the following conditions:

"Both to declare the war ended. "All regions west of the line indicated at Brest-Litovsk to the Russian delegation, which formerly belonged to Russia, to be no longer under the territorial protection of Russia.

"In the region of Dvinsk this line must be advanced to the eastern frontier of Courland.

"The former attachment of these regions to the Russian state must in no case involve for them obligations toward Russia. Russia renounces every claim to intervene in the internal affairs of those regions.

"Germany and Austria-Hungary have the intention to define further the fate of these regions in agreement with their populations.

"Germany is ready, after the completion of the Russian demobilization to evacuate the regions which are east of the above line. So far as it is not stated otherwise, Livonia and Estonia must immediately be cleared of Russian troops and red guards."

## WEATHER PREDICTIONS FOR COMING WEEK

WASHINGTON, Feb. 23.—Weather predictions for the week beginning Monday issued by the weather bureau today are:

Great Lakes region: Local rains or snow Monday and Tuesday, colder Tuesday. Wednesday fair and warmer. Remainder of week uncertain.

Upper Mississippi and lower Missouri valleys: Colder Monday and Tuesday with light local snows in northern portion and local rains in southern portion followed by fair and warmer, probably continuing until the end of the week.

## WILL SERVE EIGHT YEARS.

Springfield, Ill., Feb. 23.—Roy Hinterliter of Olney, convicted of manslaughter in the notorious "air bubble" case involving Anna Radcliffe will serve a sentence of eight years and three months, the division of pardons and paroles decided today. Miss Radcliffe died as the result of an alleged illegal operation. The time fixed is the equivalent of a fourteen years sentence with good behavior credits deducted.

Review of the Hinterliter case came automatically under the operation of the statute. He was sentenced to serve an indeterminate term originally.

## LEAVES SEVEN MILLIONS.

Ottawa, Ill., Feb. 23.—F. W. Mattheson, LaSalle zinc manufacturer, who died recently, left an estate of \$7,000,000, it became known today when his will was filed. The Hygienic Institute of LaSalle which he founded receives \$200,000 and employees are given \$100,000.

## NEGRO HANGED.

Fairfax, S. C., Feb. 23.—Walter Best, a negro was taken from the sheriff and two deputies by a mob of 100 men today and hanged to a tree by the roadside near here, a short time after he had killed William Weston, a young white man.

## DIES IN ARMY HOSPITAL.

San Antonio, Texas, Feb. 23.—Captain Harry E. Seeborn, of Dayton, Ohio, died at the army hospital here today of injuries received a week ago when a fuse on a shrapnel cap exploded while he was attempting to remove it and fractured his skull.

## HOUSE ADOPTS AMENDMENTS TO RAILROAD BILL

One Empowering the President to Take Over All Short Lines

WASHINGTON, Feb. 23.—Altho the house today adopted several amendments to the administration bill regulating government control of the railroads including one empowering the president to take over all short lines competing with trunk roads indications tonight were that the measure might not be passed before Tuesday.

The amendment to take over short lines competing with the trunk lines was offered by Representative Esch of Wisconsin who urged it would put them on the same basis as the larger roads and would stabilize them during the war. The original section of the bill drawn by Representative Webb of North Carolina and urged by Director General McAdoo provided for taking over only such short lines as were necessary in the operation of the entire transportation system but provided compensation for diversion of war traffic from roads not taken over by routing over those lines, freight not important in the conduct of the war.

The short line amendment adopted by the house differs from that in the bill passed by the senate yesterday in that it excludes any line not acting as a common carrier and includes only those that the president might deem necessary to win the war. Advocates of the amendment said today in arguing for its passage that any small railroad that carried food, fuel or anything going into the manufacture of any war supply was aiding war work and that virtually all of them would be taken over.

Another amendment adopted by the house today provides that recent expenditures for improvements are to be taken into consideration in calculating compensation, which is fixed in the bill on a basis of the average of the operating income for three years ending June 30, 1917. The house defeated, as did the senate yesterday amendments to limit compensation.

## THREE MEN ARE KILLED IN ACTION

WASHINGTON, Feb. 23.—Three men have been killed in action, five seriously wounded and eight slightly wounded, General Pershing tonight reported to the war department.

The dead are: Privates Thomas V. Ratcliff, Clarksville, Tenn.; William H. Scott, Calvert City, Ky., and Ralph T. Kingery, Ontario, Cal.

The severely wounded are: Corporals Edwin Titus, Manchester, Conn., and Thaddeus Blanche-Jowski, Meriden, Conn., and Privates Thomas Morrison, South Manchester, Conn.; Walter P. Moran, Norwich, Conn.; and Gustave H. Hermanson, Ansonia, Conn.

The slightly wounded were First Lieutenants Guy I. Swett, South Paris, Maine and Thomas M. Holmes, Albany, N. Y.; Second Lieutenant Edwin C. Call, Dexter, Maine; Privates Rones Nadeau, Somersworth, N. H.; Clyde F. Andrews, Orford, Maine; Peter Rubick, Egland, N. D.; Walter Brodowski, Lenox, Mass., and William H. Hale, Somerville, Mass.

Private Fred Kopanske, Chicago, died as a result of wounds received in action it also was announced and Private Sidney M. Cowley, New York, succumbed on Feb. 8, to accidental gunshot wounds.

## OFFICIAL STATEMENT

London, Feb. 23.—An official communication on operation in East Africa says: "The main German force dislodged from the Lujenda Valley, Portuguese, Nyassaland, moved south toward the upper Lurio river thence eastward along and north of the Lurio, followed by the British. In the coastal area, continues the statement our column is approaching Meva, which is held by detachments from the enemy force located southwest of Port Amelia."

## MEDICAL CLUB MET.

The Medical Club met with Dr. Edward Howe at his office Saturday evening with a good attendance. Dr. G. R. Bradley was the leader and presented his subject in an interesting manner and general discussion followed. The host served refreshments.

Ambassador Francis finds it difficult  
to get out of Petrograd. Un-  
pleasant to stay and in danger of  
capture by Germans. A trying situ-  
ation.

This winter has been a record  
breaker in many ways. We all know  
all we want to about it, without go-  
ing into details.

Skilled workmen have been very  
prompt in their response to the call  
for shipbuilders, many more than  
called for having responded.

The men on the front lines of na-  
tional defense—the men in the  
trenches—are not quibbling over  
the rate of compensation. How  
about men in the second—the safer  
lines? They certainly are not show-  
ing the spirit of the men at the front.

## CUTTING RED TAPE.

A Washington news item says:  
"Through the approval today of an  
order permitting the direct reference  
of military matters to the division  
handling them, Secretary Baker  
eliminated some War Department  
"red tape." Heretofore all papers  
destined for the military officials had  
to pass thru "channels" leading to  
the adjutant general and from there  
be distributed to the staff depart-  
ments. After a decision had been  
reached, the papers in each case  
had to move back over the route  
they had come."

If this really means what it says, if  
it is actually a fact that one army  
department can hereafter communi-  
cate with another just as one busi-  
ness house can communicate with-  
out other, the greatest mess of red tape  
that our War Department has ever  
known is cut.

## STREET PAVING.

Mayor Rodgers in referring to the  
collection of interest on street pav-  
ing assessments before completion  
of the work and before the second of  
January following the commence-  
ment of the work under contract,  
said that under the present law in-  
terest begins to run from the time of  
issuance of the first pay vouchers to  
the contractors. Payments are  
made in installments as the work  
progresses, and in the case of West  
State street the first voucher was  
ordered Sept. 22, 1917, so that a per-  
son paying in October or November  
would have to pay interest from Sep-  
tember 22, 1917. There have been  
three changes in comparatively few  
years in the laws governing such  
matters, and the city is proceeding  
under the latest and present law.  
Mayor Rodgers is a very conscien-  
tious man, endeavoring to do his  
duty as near according to the law as  
his own knowledge and legal advi-  
sors dictate. In this matter he is cor-  
rect.

Regarding the paving on West

State street as well as some other  
streets there is no time limit in the  
contracts as to the completion of the  
work. The specifications as to the  
work and manner of construction  
and material used are parts of the  
contracts, as well as clauses regard-  
ing the handling of materials. Here  
are a few quotations from contracts  
or ordinances governing that are  
made part of this contract:  
"Materials delivered on the street  
shall be neatly and compactly piled  
in such a manner as to cause the  
least inconvenience to travel."  
"Obstructions to travel upon  
streets or intersecting streets shall  
not be permitted nor traffic hindered  
unless necessary."

THE BRIGHT STARS OF  
GLORY OVER ALL.

To the Boys Who Go  
Our boys are going far for their  
numbers call to war  
Where our brothers now are falling  
in the line;  
So they'll march, march away with  
the stirring drum today.  
There they'll fight for your freedom  
and for mine.

They say they're glad to go, that  
they'll triumph o'er the foe;  
To our country and our flag they'll  
be true;  
So send the boys along with a cheery  
smile and song,  
As they march neath our Red, White  
and Blue.

We have reason for our pride as  
they march side by side  
They are "fit." They have answered  
to the call,  
So speed them over there to the land  
that lies somewhere  
With the bright stars of "Glory"  
over all.

## "WHY IS AMERICA AT WAR?"

German submarine ruthlessness in  
firing on open boats loaded with  
survivors from torpedoed vessels has  
been denied, says a bulletin just is-  
sued by the Illinois State Council of  
Defense.

The International Conference of  
Merchant Seamen, meeting recently  
in London, has drawn up the fol-  
lowing list of authenticated in-  
stances of German submarines firing  
on survivors whilst in ships' boats:  
Kildare—Sunk by submarine,  
April 12, 1917. Whilst boats were  
pulling clear of ship shells came over  
them and then a submarine was seen  
on the surface. She fired from ten  
to fifteen shells at the boats, killing  
a seaman.

John W. Pearn—Sunk by subma-  
rine, May 1, 1917. Submarine  
fired two shots at boat, which was  
pulling away.

Vulcania—Sunk by submarine,  
March 7, 1917. After boat had been  
got out she capsized in the heavy  
swell running, and had to be right-  
ed. Firing was continued by the  
submarine until boat was clear.

Belgian Prince—Sunk by subma-  
rine, July 31, 1917. Life boats not  
fired on, but broken up and surviv-  
ors thrown into the sea after being  
placed on outside of submarine,  
which submerged, leaving them to  
their fate, after also depriving them  
of their life belts.

Westminster—Sunk by submarine,  
December 14, 1916. Survivors took  
to boats and were shelled by sub-  
marine, captain and chief officer be-  
ing killed.

Eaststone—Sunk by submarine,  
February 3, 1917. Submarine turned  
her gun on boats, firing three  
shrapnel shells and striking both  
boats. Third shell killed master,  
steward, donkey-man and two seamen;  
severely wounded second officer.

Addah—Sunk by submarine, June  
15, 1917. Submarine opened fire on  
master's boat, killing eight men, and  
after boat had been sunk and men  
were swimming in the water, sub-  
marine shelled them with shrapnel.

Umaria—Sunk by submarine,  
May 26, 1917. Submarine fired on

boat injuring all occupants.  
Vanland—Attacked by submarine,  
July 23, 1917. As life boat was  
making for shore, submarine contin-  
ued to fire on master and crew with  
machine gun, wounding the second  
mate.

Baltic—Sunk by submarine, June  
27, 1917. Boats fired on for about  
an hour after crew abandoned ship.  
Freden—Sunk by submarine, May  
22, 1917. Life boat damaged and  
several of the crew wounded while  
trying to mend it; one killed, another  
severely wounded.

Hostia—Sunk by submarine,  
March 20, 1917. One boat fired on  
by submarine and sunk, thirteen  
being killed.

## THE HUSBANDMAN.

I'm glad I am a granger, a farmer  
wearing bells, remote from death and  
danger, from swords and bombs and  
shells. While kaisers and such fak-  
ers are marching to defeat, I sow my  
rolling acres to barley, oats and  
wheat. And pretty soon the cush'll  
roll in to swell my store; I'll get  
two bones a bushel, and maybe three  
or four. And folks who see me get-  
ting a fancy price for wheat, will  
give me lots of petting, and say I  
can't be beat. "Such men will save  
the nation!" I hear their fervent  
cry: "they are the land's salvation,  
without them it would die! They  
guard our sacred banner, and cer-  
tainly they'll beat; each day they  
help to can him, by bringing in their  
wheat!" It's pleasant to be saving  
my country's cherished boons, and  
still assuage my craving for easy  
picaunies. I feel my pulses quicken  
with loyalty, by jing, when I can sell  
a chicken for what a calf should  
bring. I feel said pulses flutter,  
a glow is in my soul, when for a  
pound of butter I get a goodly roll.  
And always while I'm selling my  
thistles, weeds and chaff, I hear the  
people yelling, "The farmer is our  
staff! He grows two rows of onions  
where but one grew before, he'll  
squash the kaiser's bunions, and save  
our threatened shore!"

## ARRESTED IN INDIANA

At the November term of the cir-  
cuit court Roscoe Abel who had  
been indicted for burglary and Jar-  
ceny failed to appear and his bond  
was forfeited. Recently after some  
investigation State's Attorney Rob-  
inson learned that Abel was in the  
employ of a railroad and located at  
Princeton, Ind. Information was sent  
to the authorities there and yester-  
day a telegram came stating that  
Abel is under arrest in Princeton.  
Sheriff Graff left yesterday to bring  
back the prisoner.

## HILLS LAND SOLD

W. S. Headen who recently pur-  
chased 240 acres of the Hills land  
at the master in chancery sale has  
disposed of 80 acres to Alonzo Mc-  
Farland. Another 80 has been sold  
to Stansfield Baldwin and Mr.  
Headen will retain the remaining  
80 acres. It is understood that he  
will also operate the land for Mr.  
Baldwin. Sometime since Mr.  
Headen advertised sale of personal  
property as he expected to retire  
from active farming, but the pur-  
chase of the land has caused a  
change in his plans and he will  
therefore not hold a sale. The posted  
bills were taken down yesterday.

## SOUTH SIDE CIRCLE MEETS.

The South Side Circle held an in-  
door picnic at the home of Mrs. C.  
F. Ehnie on West State street Fri-  
day afternoon. Mrs. Ehnie and her  
daughters, Miss Cora Gilliam were the  
hostesses. Each lady contributed to  
the lunch. A Washington program  
was carried out. Mrs. E. L. Hill gave  
several vocal solos and Miss Marian  
Winchester a violin solo. The home  
was beautifully decorated for the oc-  
casion. A miniature cherry tree was  
placed in the parlor and George  
Washington favors and red carnations  
were used. The lunch was served  
in the cafeteria form and was  
very much enjoyed.

## AT KELLY FIELD.

Word received Saturday from  
Claude Williams states that he has  
arrived safely at San Antonio, Tex.  
Kelly Field No. 1, Line 136, and  
likes his new location fine. The  
weather is warm. Williams in his  
letters states that "this is the life  
for a young man." The only other  
Jacksonville man with him is Lloyd  
Reynolds. Both of these men en-  
listed Dec. 13th and have been at  
Jefferson Barracks, St. Louis up to  
about a week or ten days ago. Williams  
has passed a successful examina-  
tion at Kelly Field and has been  
made a sergeant.

SPEEDY GAMES IN  
DAVID PRINCE LEAGUE

Lewis' Team Now Leading—Two  
Leaders Meet Defeat in Saturday  
Morning Battles.

How They Stand  
Rexroat ..... 4 1 3 250  
Captains ..... P. W. L. Pct.  
Lewis ..... 4 2 0 1000  
Williams ..... 4 3 1 750  
Sousa ..... 4 3 1 750  
Hackett ..... 4 2 2 500  
Madden ..... 4 1 3 250  
Putnam ..... 4 1 3 250  
Goebel ..... 4 1 3 250

Four of the fastest games of the  
League were played on the David  
Prince floor yesterday morning in  
the eighth grade league. Two of  
the league leaders met defeat for the  
first time during the season.

The first game was very fast and  
was featured by some fast individ-  
ual work by Captains Madden and  
Putnam at the end of the first half.  
Madden lead 2-0 but by a whirlwind  
finish Putnam put over the winning  
basket and won 5-4. Madden how-  
ever, deserves credit as he played  
with only four men throughout the  
entire game.

The second game between Hackett  
and Sousa was also very fast, and  
as Sousa had won 3 straight pre-  
vious to yesterday's game it was  
quite a come-down to lose to a team  
holding 5th place. Sousa's team  
was weakened however, by the loss  
of Yates, star forward who was out  
of the game on account of injuries  
received in last week's game. The  
final count stood, Hackett 11, Sousa  
4.

Bailey Rexroat's five again met  
defeat at the hands of Goebel's quin-  
tette. This proved to be the most  
one sided game played in the series  
which was due to the fact that Rex-  
roat only had two men playing the  
last half. The other three got a  
streak of yellow after losing 12-0  
the first half and quit.

The real game of the morning was  
the last game between Williams and  
Lewis. Both teams had a clean  
sheet up to this series and nothing  
but a battle royal could be expected.  
Capt. Williams was out this morn-  
ing on account of being ineligible  
but will be back next week and  
hopes to play the rest of the season  
without losing a game. The first  
half ended 2-2 and from the time  
the whistle blew to start in the sec-  
ond period to the very last every  
player was on his toes and had  
the timers let the watch go a second  
over Lewis would have lost for  
Decker shot a long one from the  
center just after time was called.  
Lewis played his usual good game  
but the real star was Decker. He  
made all of the points for his team  
and every field goal was a long  
one and went through without  
touching the rim. Had he not been  
guarded so closely in the second  
half he would have put the game on  
ice alone. The final score was 10-9  
in favor of Lewis.

Mr. and Mrs. J. C. Fernandes of North Diamond street have returned from Orlando, Fla., after a period of 9 weeks, where they have been visiting Mrs. Fernandes' sister, Mrs. C. W. Goltra and family. They also had the pleasure of visiting with Paul J. Frank, son of Mr. and Mrs. John Frank, at Jacksonville, Florida, where he is stationed at Camp Joseph E. Johnston. Paul is looking fine and so far finds army life very interesting.

## DEATHS

## English

W. D. Mathers has been advised of the death of Louis English of Danville. The deceased was a well known banker of that city and had been prominent in various commercial enterprises there for a number of years past. He was a brother-in-law of J. Tabor Mathers who is expected to come from Arkansas to be present at the funeral services.

## Wilson

Marie Wilson, infant child of Mr. and Mrs. Eugene Wilson died at the family home on Tendick street Friday evening at 7:30 o'clock of whooping cough and pneumonia after a brief illness. She was born July 13, 1916. Besides her parents she is survived by the following brothers and sisters: Margarette, Leland, Lucile, Albert and Helen Wilson. Funeral services will be held from the residence Sunday afternoon at 3 o'clock in charge of the Rev. E. L. Scruggs pastor of Mt. Emory Baptist church with burial in Diamond Grove cemetery. The services will be private.

## Van Auker

Henry Van Auker died at the Home Sanitarium on West Morgan street at 8:20 o'clock Saturday evening after an illness extending over a period of more than a year. He was suffering with paresis and came to the sanitarium about three weeks ago from Kibbourn.

Deceased was about 45 years of age and for a number of years operated a second hand store in this city. He also for a time was in the employ of John Cherry at his farm in Missouri. Mr. Van Auker's health failed about a year ago and he retired from business and went to Kibbourn to stay with relatives.

He is survived by his wife who resides on South East street. The remains were removed to the undertaking parlors of Williamson & Cody and prepared for burial. Funeral announcement will be made later.

## Murphy

George Murphy of Chandlerville died at a hospital at 5:10 o'clock Saturday morning. Deceased was the son of J. J. and Mary S. Boyce Murphy and was born 51 miles east of this city May 5, 1851. He followed the occupation of farming for many years but had recently retired from active work.

He was united in marriage to Miss Clarissa Cone at Chandlerville March 2, 1875. The following children survive: Roscoe Murphy, Howard Murphy, Hardin Murphy, Rufus Murphy, Hester Murphy, Chandlerville; Cone Murphy, Wilson Ark. and Mrs. E. O. Hinchey of Carrollton.

Mr. Murphy was a member of the M. E. church at Newmansville and a member of the Masonic fraternity. The remains were taken to the undertaking parlors of W. W. Gillham and prepared for burial and were sent to Chandlerville Saturday afternoon. Funeral services will be held from the Christian church in Chandlerville Monday afternoon at 1 o'clock in charge of the Rev. F. B. Madden, pastor of Grace church, this city. Burial will be made at Newmansville.

## Davis

As stated in Saturday's edition W. F. Davis a former resident of this place died at his home in Altoona, Kas., Friday at the age of 77 years. Deceased is survived by his second wife, five children by his first marriage and two step children. His children surviving are Thomas C. Davis of Decatur, Ralph Davis of St. Louis, Mrs. Grace Redmon and Mrs. Nellie Mathews of Oakland, Calif., and Mrs. Maymie Garrett of Los Angeles, Calif. The three daughters will be unable to attend the funeral services. Mr. T. C. Davis, Mr. and Mrs. Ralph Davis of St. Louis are in Jacksonville, as well as the widow and her son-in-law Henry C. Yates of Kansas City, who accompanied the body here.

Funeral services will be held at

C. C. CARTER

Inventor of Successful Incubator. C. C. Carter of Chapin is manufacturing an incubator known as "Carter's Scientific Hen." This incubator represents a long period of research and experimentation by Mr. Carter, who is a thoro scientist. The device is protected by U. S. and foreign patents. It is claimed for this incubator that by the adoption of new principles the natural conditions of incubation are attained with scientific accuracy regardless of the temperature and moisture conditions of the room where the machine is in operation.

Another claim made for the Carter "hen" is that the chickens are stronger and freer from disease because they are hatched under the proper conditions of heat, moisture and ventilation.

Winchester, Feb. 23.—Hundreds  
 of people gathered here today to say  
 a last farewell to the Scott County  
 men who are to leave at an early  
 hour Sunday morning for Camp  
 Taylor. The town was filled with  
 county visitors from other parts of  
 the county from early morning until  
 a late hour this evening. The roads  
 are again getting into shape for  
 motorists and many came in cars.

The men reported to the office of  
 the board here at three o'clock this  
 afternoon for their final instruc-  
 tions. After some word of advice  
 from members of the board they  
 were the recipients of many articles,  
 which were much appreciated. The  
 members of the exemption local  
 board gave each man two towels,  
 Superintendent of Schools John  
 Ward, presented each man with a  
 tooth brush, while Fritz Haskell  
 made each man a present of a trench  
 mirror and pocket comb. Each also  
 received a "Smileage Book." Every  
 man from Bluffs and from Man-  
 chester came supplied with a  
 sweater. Miss Letitia Piper contrib-  
 uted ten more, and the local chap-  
 ter of the Red Cross supplied any  
 others of the men who were without  
 a sweater. Two more men will ac-  
 company the Scott County contin-  
 gent south Sunday morning. They  
 are Frank Brown and Francis  
 Walker who will go to St. Louis to  
 make application for enlistment  
 with the U. S. marines.

Later in the day the young men  
 were the guests of honor at the  
 Winchester Christian church where  
 they were served a delicious ban-  
 quet by the ladies of the household

science department of the church.  
 The supper was served in the church  
 basement. Besides the young men  
 present, there was a large crowd of  
 friends there to take advantage of  
 the cafeteria supper served by the  
 ladies, to aid the war fund, and to do  
 honor to the boys.

A number of selections given  
 during the evening by the Winches-  
 ter orchestra were appreciated. The  
 efforts of the ladies brought a net  
 gain in church war fund finances of  
 \$78.80.

The committee in charge of the  
 supper was composed of Mrs. D. T.  
 Smith, chairman, Miss Mary Hig-  
 gins, Miss Louise Hamilton, Miss Mil-  
 dred Burns, Miss Bertha Miner,  
 Mrs. C. Ganges, Mrs. J. M. Overton, Mrs.  
 S. Hainsworth, and Mrs. W. E.  
 Coultas. Assistants were Miss Mary  
 Coultas, Miss Mary Jefferson, Miss  
 Dorothy Hainsworth, Mrs. Frank  
 Mason, Mrs. William Kuechler, Mrs.  
 Gus Strouse, Mrs. Frank Ruark,  
 Mrs. R. W. Waters and Mrs. Claude  
 Burrus.

Among the young ladies who  
 waited on the soldiers' table were:  
 Misses Florence Lashmet, Louise  
 Frost, Katherine Lyons, Gertrude  
 Metzger, Beatrice Hainsworth,  
 Ann Kellum and Edith Watt.

The men at a late hour tonight  
 went to the Burlington station to  
 rest a few hours, before entraining  
 at 3:45 a. m. for the southern camp.

News Notes.  
 Miss Dorothy Oehler arrived Sat-  
 urday from Concord to spend the  
 week end at the home of her par-  
 ents, Mr. and Mrs. Julius Oehler.

Mr. and Mrs. Earl Elliott enter-  
 tained quite a number of friends at  
 their pleasant country home Sat-  
 urday evening.

Among the visitors in Winchester  
 from Alsey Saturday were Dr. Stew-  
 art Bowman and little son and  
 mother, Mrs. George Bowman, Hen-  
 ry McLaughlin, Mrs. Noble Mc-  
 Laughlin, and Miss Jennie Stewart.

Mr. and Mrs. Lloyd Wells arrived  
 Friday afternoon from Keokuk,  
 Iowa, to visit relatives and friends.

Mr. and Mrs. John Coe and Miss  
 Leah Cowper motored to Rochester  
 Ill., Friday, expecting to return  
 Sunday.

Mrs. Clarence Fox of White Hall  
 arrived Saturday to visit her parents  
 Mr. and Mrs. D. T. Smith.

Mrs. J. A. Knoepfel of Bluffs ac-  
 companied her husband to Winches-  
 ter Saturday.

Two Accidents Saturday.

Saturday evening the Ford car  
 driven by Otto Smith, son of Robert  
 Smith and the Ford driven by a son  
 of Golden Hart, of near Exeter, col-  
 lided on Main street in front of the  
 residence of Mrs. A. C. Grout. Both  
 cars were badly damaged. Smith  
 was somewhat bruised and cut  
 about the face. M. Dolan who was  
 riding in the front seat with Smith  
 was uninjured. Hart was not badly  
 hurt but the young lady with him is  
 said to have been cut from the flying  
 glass of the windshield. It is not  
 known just how the accident occur-  
 red.

Later in the evening two young  
 men were seated in a buggy near Dr.  
 J. W. Eckman's home, when F. H.  
 Allen approached in his car. It is  
 said that just as Mr. Allen turned  
 out to pass the rig that the horse  
 gave a sudden lurch to one side,  
 bringing the buggy directly in the  
 path of the automobile. Mr. Allen  
 was unable to stop in time and the  
 rig was badly smashed, all four  
 wheels being broken.

Coroner Webster Called.

Coroner Thomas Webster was  
 called to Florence about five o'clock  
 Saturday afternoon. The body of an  
 unidentified man was picked up in  
 the river at that point. Undertaker  
 M. W. Sappington of Winchester  
 was summoned and went to Florence  
 to get the body. It is said that there  
 were no marks of violence on or  
 about the body and it is probably a  
 case of accidental drowning. Unless  
 identified the remains will be buried  
 here at county expense.

High School Program.

## LORADO TAFT WRITES LETTER OF PRAISE

Famous Sculptor Commends Work  
 of Leonard Crunelle Who De-  
 signed Monument Plan Old Sol-  
 diers Have Approved.

In answer to a recent inquiry Dr.  
 C. H. Rammelkamp as secretary of  
 the Morgan County Monument as-  
 sociation has received the following  
 letter from Lorado Taft, one of the  
 most famous sculptors of the U. S.  
 concerning the standing of Leonard  
 Crunelle, sculptor. Mr. Crunelle  
 designed the monument which the  
 association here is very desirous of  
 having erected in the public square.  
 Mr. Crunelle not long since re-  
 ceived a \$25,000 commission for a  
 statue of Gov. Oglesby which is to  
 be erected in a Chicago park. A  
 number of well known sculptors  
 were competitors for this work. The  
 letter from Mr. Taft is as follows:

The Midway Studios  
 6016 Ellis Avenue  
 Chicago  
 February 19, 1918.

Dr. C. H. Rammelkamp,  
 Jacksonville, Ills.

Dear Dr. Rammelkamp:  
 Your letter of the 18th inst. is at  
 hand and I am grateful to you for  
 the information contained. I had in  
 mind an article on the work of the  
 State Art Commission and its assist-  
 ance in such cases as yours. Am not  
 yet clear as to the hitch in your pro-  
 ceedings where at first there had  
 seemed to be a perfect understand-  
 ing. A public body like the Board  
 of State Art Advisors can hardly af-  
 ford to contribute such service un-  
 less its decisions are treated with  
 respect.

You are quite right as to Mr.  
 Crunelle's qualifications. He is  
 one of the most gifted sculptors of  
 my acquaintance and possesses not  
 only skill but that rarer gift, good  
 taste. He never turns out a poor  
 work and many of his monuments  
 are among our best. I feel that his  
 design for you is the finest yet—as  
 far beyond the usual soldiers' monu-  
 ment with its realistic figures as  
 is the fame of Jacksonville above  
 that of most of our prairie towns.  
 When I say that in intention and  
 composition it promises to be worthy  
 of the city which in my boyhood  
 days was called the "Athens of the  
 West" I am paying it a well merited  
 tribute. The community which  
 erects this monument will have  
 something to be proud of.

I am leaving for a lecture en-  
 gagement, so must be brief. Will  
 merely add in regard to Mr. Morison  
 that I am employing him as my ar-  
 chitect on the most important work  
 that I have ever had.

Cordially yours,  
 Lorado Taft.

A FLAG SERVICE.  
 There will be a presentation of a  
 Service Flag at Northminster Pres-  
 byterian church at 10:45 a. m. This  
 church has fifteen young men in the  
 service now, some in the navy and  
 regular army, one on the transport  
 and others in the camps. This ser-  
 vice will be held in their honor and  
 all the boys having gone from Mor-  
 gan county. A cordial invitation is  
 extended to all to attend this ser-  
 vice. Mr. H. H. Vasconcellos will  
 present the flag and the Rev. Walter  
 E. Spoons will respond.

Is it not just carelessness to keep your  
 valuable papers, heirlooms and jewelry in  
 the house? Fire may burn them or burglars  
 may break in and steal them.

The safe, sane way is to put them in our  
 safety deposit vaults, then you don't run any  
 danger of losing them or of being murdered.

We will rent you a safety deposit box for  
 \$2.50 per year and up.

NATIONAL IMPLEMENT INSPECTION  
 AND REPAIR WEEK

March 4 to 9, 1918

Save Expensive Delays and Transportation  
 Charges and help in the big drive for  
 Greater Food Production.

If maximum crops are to be raised, all farm machinery  
 likely to be used this year, must be put in good repair so  
 as to avoid delays in the field.

The week of March 4 to 9, inclusive has been set aside as  
 National Inspection and Repair Week, and the farmers of  
 the United States are urged to inspect their implements  
 and place orders for needed repairs that week.

The great difficulty of securing malleable and steel parts,  
 which renders it impossible for dealers to carry the usual  
 repair stocks, together with the delays in transportation,  
 render it necessary to place orders for your repair re-  
 quirements early.

This warning has been given by manufacturers that are  
 up against the markets every day and actually know the  
 difficulty in securing repair parts just when you want  
 them.

So let's get together and order early so you won't have to  
 lay aside some good tool just for the sake of not being  
 able to get a simple repair.

At this time Preparedness is a Necessity.

## COW TESTING WORK BRINGS GOOD RESULTS

Record of Jacksonville-White Hall Association Completed for Nine Months—Interesting Facts are Shown.

The general report for the Jacksonville-White Hall Cow testing association has just been issued. While the weather was extremely cold the cows made a better showing than has been true for several months past. There were 392 cows tested during the month and of this number 62 produced from 30 to 40 lbs. of butter fat. January completed the ninth month of testing records for the association and some interesting statistics have resulted which have emphasized the value of the keeping of records and in general of the work of these cow testing associations. These figures show that 20 cows tested are unproductive and thirty are merely paying for their feed. The highest producing cows in 95 per cent of the cases have pure bred sires and of the remaining 5 per cent nearly all are at least three-fourths pure.

All but one of the members of the association now own silos and find silage of great advantage in keeping down the cost of milk production. Among the owners there are now only two "scrub" bulls and it is the intention to dispose of these animals at an early date. One member purchased two cows at public auction. These animals were bought on their general appearance and not on their records. One cow cost \$129 and the other was purchased for \$60. After keeping the cows for seven months the owner sold them. He offered the cow which cost \$129 for \$140 and refused to take less than \$200 for the \$60 cow. He showed the records of both cows as the basis of the prices he was asking. The purchaser judged by these records that the \$200 cow was the cheaper of the two and he willingly paid the price. The members of the association are all said to be interested and satisfied with the work and are planning to reorganize when the present term has expired. The highest herd averages for January were as follows:

Potter Bros., 12 Holsteins, 31.02 lbs. butterfat.  
Mrs. W. Taylor, 12 mixed, 30.88 lbs. butterfat.  
School for Deaf, 27 Holsteins, 29.85 lbs. butterfat.  
The cows comprising the herd at the School for the Deaf are deserv-

ing of special mention. A scant grain ration was provided for these cows but their showing is excellent, as seven of the twenty two cows which produced over 40 lbs. of butterfat are included in this herd.

The following tabulation shows the cows in the association which produced more than 40 lbs. of butterfat during the month of January:

The regular monthly meeting of the Jacksonville Anti-Horse Thief association was held in the court house Saturday afternoon, a goodly number of the members being in attendance. Reports made indicate that the association is growing in membership and usefulness. That it is not lacking in patriotism is evidenced by the fact that it was decided at the Saturday meeting to purchase \$200 worth of War Savings certificates. No cases of horse stealing were reported for the month just closed. Five new members were taken in Saturday: P. L. Sheehan, Woodson; Alfred Lamb and J. L. Solomon, Murrayville; Chauncey Carter, route 5, Jacksonville; Henry DeFrates, route 7, Jacksonville.

## WALNUT GROVE SCHOOL GAVE ENTERTAINMENT

Play Presented for Benefit of School Library—Play Written by W. A. Shumaker.

A large and appreciative audience was present at the Walnut Grove school Friday evening the 23rd, when the home talent play "It Pays to Advertise" was given. The proceeds, \$12.85 will be used for library purposes or pictures for the school room. The play was an amateur performance through having been written for the occasion by W. A. Shumaker.

The cast of the play was:  
Silas Simpkins—Ben Cully.  
Mrs. Maranda Simpkins—Elsie Cully.  
Cynthia Simpkins—Mrs. H. H. Hansmeier.  
Matilda Simpkins—Mrs. W. G. Hadden.  
Liza Jane (Pete's girl)—Phillip Standley.

Pete—W. A. Shumaker.  
Daniel Washburn—H. H. Hansmeier.

Hiram Brown—W. G. Hadden.  
Rev. Mr. Saxon—Eugene Standley.  
The cast was warmly commended for their able work and for their interest in the school which induced them to make the necessary sacrifice of time to prepare the piece.

Various sources have asked for the repetition of the play and no doubt arrangements will be made for a presentation at an early date. The play was not extensively advertised at this earliest performance. This was due to the limited seating capacity of the school building, so no doubt many friends who would have been present did not know of its date.

But if you have an opportunity, be sure and go to see Matilda, Cynthia and Aunt Jeanette succeed in their plans and laugh with and at Liza Jane and Pete who are a very necessary part of the plan.

Perhaps you can not but sympathize with Silas, who sadly finds out the truth of the adage "If you Want a Thing Well Done—You must Do It Yourself."

**EARLY LESSONS AS APPLIED TO LATER CONDITIONS**

(By W. N. Hairgrove.)  
How little indeed we naturally know. What ignorant big worms we would be if it were not from the things we learn from others, for we would know little more than a big worm if it were not for the acquired wisdom of others transmitted to us—we could not communicate with each other except for the centuries passed by our ancestors in perfecting a system of language communication and then in the many centuries following the system of communicating ideas by crooked marks developed into writing and now by being taught by our ancestors at a few years of age we can convey our ideas by word of mouth or by writing. How the young mind sizes those impressions of childhood and retains them with tenacity. How the impressions made on the youthful mind are carried all thru life, we seldom consider. As the twig is bent so the tree grows.

I was born and raised on a farm and my parents attended church and took me with them. I was anxious to "know" and listened to what was read and said, and was at an early age an active student in Sunday school. I early did not conceive fully some matters as explained and thus may have reached incorrect conclusions on matters taught at church. We had very little current literature other than the Youth's Companion, the Toledo Blade, and an occasional Harpers' Magazine—few books—histories, Indian Wars, etc., of interest to a boy.

We attended several churches, when preaching was to be heard. Brush College, A Methodist church was near our home, about 5 miles south west of Waverly, it was only a little over a quarter of a mile to this church. Then there was the "Brick Church," a Baptist church in early 2 1/2 miles from our home and the head of Apple creek. Old school Baptist church about three miles from us. Our folks went to either when services were held.

I got some Sunday School mottled backed insipid books at the Brush College. I did not like the "sissy" boys. I liked fighters and as I grew up got "Deadwood Dick" and some that were to my notion. But as a boy I was interested in what was preached and taught at church.

I liked the people at the Old Baptist church, but the doctrine, while it seemed logical, was harsh and I rather doubted if I stood much chance even if I tried, under the doctrine of predestination. The Methodist doctrine with its theory of falling from grace, seemed much fairer and I thought I could more nearly practice it, but I never affiliated with any church. The early impressions there received of Christ as a boy and as a man have always left their impressions distinctly with me. His brightness as a boy. His disputations as a boy with the elders and the doctrine of love that He taught. No resistance even to turning the other cheek.

His following of John the Baptist who was preaching out in the brush and did not dare to come to town against the wrong of organized conditions in the government. Christ too, taught and came to town and taught with the result that He was killed.

Christ as I gathered it loved all. He welcomed all. He preached to all, and that love was to rule all. Love one another, have charity. But one time He did not act as tho He loved all. He had something in Him that resented, forcibly resented certain public conduct.

He went to the Public Place, the Temple, and there He found established money changers. He turned their tables over and drove them from the Temple and in the Bible we had a picture of Christ with something like a strap or whip lashing the money changers and driving them out of the Temple. From that early conception I gleaned an idea that money changers were not the kind of people to waste love on that if you did nothing else you should watch them in public places. I expect to take up in a short article or two, the question of money—its functions—usin, and government for money, not for public service but as a private snap, as I understand the relation.

**AN ADDITION.**  
In the credits yesterday in the account of the entertainment at the David Prince building the name of Mr. Maehlhausen who kindly supplied several loaves of bread, was omitted. It was Farrell Crabtree and not his father who should have been mentioned.

## Good farming and right buying

THE other day some big man said, "We are fighting this war thru the American farmer. He is the base of supply. The nation is looking to him to get more out of his land than ever before and he is going to get more in return."

But you men who farm also want to get more out of every cent you spend than ever before.

In clothes that means buying good ones; clothes that are all all-wool tailored to give long wear. That's what counts—the service you get. By paying enough to get Hart Schaffner & Marx clothes you get so much more wear that your yearly clothes expense is lower, altho the cost per suit may be a little higher.

When you are ready for clothes, we are ready for you, and we guarantee to satisfy you in every particular or you get your money back.

### FARM PROPERTY

We are closing deals in flocks these days—bunches hardly expresses it. We have just two real "jamb-up bargains" where possession can be had March first.

(A) One hundred eighty acres in Morgan county, one-half good black farming land, balance timber edge land of good quality. Improvements all you could ask. Forty acres growing wheat, a fine timothy meadow and a money maker from the first day. Price \$140 per acre. Will leave more than half the money on the farm at 5 1/2%.

(B) A farm of 220 acres, mostly good farming land with 55 acres of wheat, 60 acres grass, 10 acres of alfalfa. One mile to market, four and a half miles to interurban station, seven and a half miles to county seat. Excellent set of improvements with new silo and feeder shed. Ten in house and a complete farm in every way. Listen! Price \$75.00 per acre; six thousand dollars cash; balance long time.

### CITY PROPERTY

(C) In the second ward we have a nice eight room house, modern throughout. Barn, chicken house and lot. Some young fruit. Everything in first class condition. Price \$3500.

(D) In the third ward we have nearly two acres of ground, with a nice six room cottage, basement under all, modern in every way. New garage, chicken house and corn crib. Let us show you this bargain. Price \$3000.

## A Move for Lower Expense

On August 10th, 1917, we acquired an interest in the firm of Jolly & Co., Odd Fellows Building, East State Street. On or about March 1st this concern will occupy a portion of our store at 231 E. State. We will have here 8000 feet of floor space.

The firm of Jolly & Company will continue as an independent concern. The "Arcade" will continue also.

The two stocks under one roof will offer you the best "BARGAIN" Stock in Jacksonville. The economy of this arrangement is plain. These are WAR DAYS. Saving is and will be the slogan for some time. We are trying to do business at the lowest cost. It means a saving to us—a saving to you.

During the next ten days both stores will offer many bargains—goods that this change make it unnecessary to carry in both stocks.

DOMESTIC SCIENCE  
COURSE WELL ATTENDED

Experts from University of Illinois Conduct Short Course at Waverly High School—Churches Plan Union Revival—Other Waverly News Notes.

Waverly, Feb. 23.—The domestic science short course which is being conducted at the high school this week is being largely attended. The work consists of lectures and demonstrations. The subjects treated are "The Conservation of Health" and "The Conservation of Food." The work is being given by Miss Brooks and Miss Newburn, both experts from the University of Illinois. The lectures and demonstrations have been very helpful as they have to do primarily with the preparation of food substitutes to be used in the homes in America so that more of the products that are to be shipped to Europe can be spared for this purpose.

Mrs. James Christopher, an aged resident of this place, was stricken with paralysis some time Thursday

night. She resides alone but managed to crawl to the telephone and notify Mrs. Belle Christopher, next door. She received another attack later in the morning.

Ralph Rodgers is home from Camp Dodge, Iowa, on a few days furlough. Miss Georgiadean, Burbank of Springfield came Friday for a few days visit with friends.

Mrs. Ada Rantz left Wednesday for Camp Taylor, Ky. to visit her son Francis.

The pastors of the various churches of Waverly are planning a union revival for the near future.

Mrs. Elmer Skeens returned to her home in Beardstown Thursday after a visit with relatives here.

Mrs. Nancy Coe returned Thursday from a visit with relatives in Springfield.

Miss Altha Epting is visiting at the home of her sister in Jacksonville.

Mrs. Gardner Hines of Girard is visiting relatives here.

Mrs. Mina Watts of Girard came Thursday for a visit with Miss Hazel Hobaker.

Mrs. Ida Carruthers and Mrs. G. B. Goldsmith went to Peoria Thursday to visit the former's son, Ross Carruthers.

Miss Corrine Hughes is ill at her home from an attack of appendicitis.

DO YOU WANT TO BE  
PATRIOTIC?

If so, use all the gasoline you can. The government needs fuel-oil; and in order to get fuel-oil, all of the explosive elements such as naphtha, gasoline and kerosene must be extracted from the crude product; consequently, don't put off buying that Ford car for fear of not getting gasoline. There will be plenty of gasoline, and don't forget that I have a Standard Oil Service Station, where you can get Red Crown Gasoline and Eureka Motor Oil and Greases, in large or small quantities.

Boy Scouts Troop No. 1 of this city enjoyed a long hike to Pisgah Saturday morning. They left Brooklyn church at 9:00 o'clock and reached the timber of Tony Bergschneider's at 11:15, where they cooked their dinner. After this they journeyed on to Pisgah but owing to "the heat of the day" they soon left on their homeward journey. They reached Jacksonville at 4:15 o'clock.

HE CURED CHRONIC  
COLD WITH VINOL

Mr. Bagley's Letter Printed Here As Proof.

Dunn, N. C.—"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time."—J. C. Bagley, Dunn, N. C.

That's because Vinol is a constitutional cod liver and iron remedy which aids digestion, enriches the blood and creates strength. Then chronic coughs and colds naturally disappear. Your money will be returned if it does not help you. For sale by all druggists.—Adv.

STOP PAIN! RUB OUT  
NEURALGIA TORTURE

Instant Relief! Rub Neuralgia Pain from Your Face, Head or Body with "St. Jacobs Liniment"

You are to be pitied—but remember that neuralgia torture and pain is the easiest thing in the world to stop. Please don't continue to suffer; it's so needless. Get from your druggist the small trial bottle of "St. Jacobs Liniment;" pour a little in your hand and gently rub the tender nerve or sore spot, and instantly—yes, immediately—all pain, ache and soreness is gone.

"St. Jacobs Liniment" conquers pain—it is perfectly harmless and doesn't burn or discolor the skin. Nothing else gives relief so quickly. It never fails to stop neuralgia pain instantly, whether in the face, head or any part of the body. Don't suffer.—Adv.

DON'T SCOLD, MOTHER!  
THE CROSS CHILD IS  
BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels

Don't scold your fretful peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

NAPLES RED CROSS  
IN CALLED MEETING

Important Matters Concerning Work to be Done Discussed at M. E. Parsonage—Mrs. Jennie Hatfield Celebrates Birthday—Interesting News Items from Naples.

Naples, Feb. 23.—Bernard Myers is still confined to his home in effects from his tussel with a carbuncle on his ankle.

Rev. and Mrs. Haas and Mrs. J. M. Ritter were entertained at the home of Mr. and Mrs. James Hamilton in Bluffs Tuesday. A most delicious dinner was a special feature of the program.

Mrs. J. M. Pine is in St. Louis this week visiting and shopping.

A splendid attendance of men was noted at the Oxville Methodist church services Sunday afternoon. Mighty fine thing to have the men in the audience—the women folks are sure to be there. The combination makes a fine sight and is as it should be in any place.

The called meeting for the Red Cross at the M. E. parsonage Monday afternoon was largely attended. Matters of business concerning the push of the work brought the members together. The regular all day meeting at the Red Cross rooms was the usual busy affair.

Will Gregory has taken a position with the Bluffs elevator people, succeeding Ernest Vortman who has removed to the northwest.

Benton and Handay, the two young men Bible students, closed their six weeks service at the Oxville Methodist church Sunday evening. They have had good attendance and excellent attention and interest. They are unostentatious and earnest, their services take on the nature of Bible reading talks and are plain and instructive. They were very nicely entertained by the community.

Mrs. Ernie Vortman of Bluffs was a visitor with Mrs. J. M. Pine over Saturday and Sunday. She leaves soon for Minnesota where her husband has purchased a farm, and where they will reside in the future. Mr. Vortman has been an energetic and trusted employee at the Bluffs elevator for several years.

Born to Mr. and Mrs. Leo Adams Saturday morning, a girl. The mother was quite poorly for a couple of days succeeding but all concerned at this writing are doing very nicely. Leo is the Wabash agent here and it now takes the middle of the street to afford him enough room to go to and from the office.

"The Flag and the Negro" afforded an excellent subject for a fine program of papers and music Sunday evening in preaching service hour at the Methodist church. Pastor Haas gave a short address on "The Response to the Call," depicting the rapid progress the negro has made in the brief fifty-three years since emancipation, his loyalty to home and country, and now his willingness to join in the ranks for the country's defense. He brought out what the Freedman's Aid Society of the Methodist church has done and is doing for the negro by establishing schools and colleges among the colored folks thereby giving them opportunity to prepare themselves to take their chance in the world's work.

Mrs. Margaret Pine of Bluffs was an attendant at the church services at Oxville Methodist church Sunday afternoon.

Mrs. George Abrams was a shopper visitor in Jacksonville Thursday.

George Welch and Miss Tilla Wright pulled off a surprise on their friends by lying away to Jacksonville Tuesday where they were united in marriage. George being under standard age, was accompanied by his father so that the county clerk in issuing the permit might have the work of the old gentleman that "all was well." They will reside for the present with his father.

Mrs. Joseph Fry has been suffering a great deal during the past week from an affection of nervousness.

Harold Hatfield came over from his clerical labor in Decatur Saturday evening to spend Sunday with the home folks.

Mrs. Jennie Hatfield having reached another milestone down her pathway of life on Friday, the 22nd inst., celebrated the event by inviting some sixty of her friends to her home that evening to partake of her hospitality. A right merry time was had, vocal and instrumental music and chauticleer obtaining. Soup, coffee and cherry pie, the latter in honor of the Father of his country, was served.

CONSERVATORY NOTES

Mr. Kritch returned from his visit to Hot Springs, Ark., last Tuesday much improved in health, and has resumed his work in the Conservatory.

Mrs. Wilson and her daughter Miss Genevieve are spending the week-end in Alton, Illinois.

Mr. Dean Cochran played a violin solo, accompanied by Mr. Kritch, at the Alumni banquet given in Academy Hall Friday evening.

A students' recital will be given in Recital Hall next Friday afternoon March 1st, at four o'clock. A number of the younger students who have been taking the Dunning system under Miss Pires, will be on the program. The public is cordially invited to attend.

It is expected that the Illinois College chorus will begin rehearsals next Monday evening, Feb. 25th on a cantata by Coleridge-Taylor entitled "Hiawatha's Wedding Feast." The performance of the comic opera "Audience" has been postponed from March till the fall, as several soloists and members of the chorus have been prevented from taking part on account of the war draft or illness.

Miss Cornelia LaRue played a piano solo at the meeting of the Chamber of Commerce last Tuesday afternoon Feb. 19th.

George Staples, Robert Megginson, Robert Smith and Samuel Henry came up to the city from Woodson yesterday.

## COLLEGE OF MUSIC NOTES

Miss Jessie Wall sang two solos at the Free Kindergarten tea, Wednesday afternoon at Grace church.

Miss Edith Kensil sings at the Centenary church this morning.

Miss Lazelle has heard from her former pupils, Misses Veronica and Grace Davis of New Holland, that they have been engaged for Chattanooga work for this summer and will come to Springfield for special work with her before going to Chicago to begin rehearsals.

Miss Jessie Wall will sing at Grace church this morning.

Miss Bernice Holmback played two solos at the Free Kindergarten tea at Grace church Wednesday and was accompanied by Miss Bernice Moiz.

## MATT STARR POST ATTENTION!

All members of Matt Starr Post and all old soldiers whether members or not, are earnestly requested to meet at the post hall on West Morgan street at one o'clock Monday afternoon to participate in the exercises at the Court House in honor of the boys who are going forth to defend our flag and make the world safe for humanity. Let all turn out and step to the music of the Union just as we did in those glorious days of the Sixties, and by our actions show to the new defenders of our country that we are with them and for them to the last. And that wherever they may go, and Old Glory points the way, our hearts are with them, on land and sea, in the trenches or in the air, till victory shall crown our arms with everlasting and honorable peace.

ACIDS IN STOMACH  
SOUR THE FOOD AND  
CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, do not bother. If your stomach is in a revolt; if sick, gassy and upset, and that you just ate has fermented and turned sour; head dizzy and aches, belch gasses and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antidote is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.—Adv.

## The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off coughs, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

## At War With Yourself!

**HELP NATURE TO DEFEAT THE DISEASE IN YOUR BODY.**

Keep up the fight; do not give up. Nature is trying to serve you in conquering the wrongs that may exist.

Red blood, vim, courage, vitality, all seem lacking. No wonder you are nervous and discouraged.

Why not call to your aid a strong, dependable ally? Dr. Pierce's Golden Medical Discovery has for nearly fifty years proven its merits as a most powerful tonic and blood builder to the many thousands who have been returned to good health by its use.

Clear the coated tongue, get rid of unsightly skin trouble. Let this remarkable remedy rid your body of the impurities of the blood, let it tone and strengthen you. It often cures the lingering chronic cough.

Dr. Pierce's Golden Medical Discovery is absolutely a herbal tonic, free from alcohol or dangerous habit-forming drugs. All druggists. Liquid or tablets.

BLUFFS, ILL.—"For a great many years I have been troubled with nervousness, stomach and heart trouble. I took several kinds of patent medicines and doctored with five different doctors but nothing seemed to do me much good. About eight years ago I had a bad spell; my heart would flutter and I thought I was going to die. My folks sent for a doctor and he came and left me some medicine and told my folks that I had but a short time to live. I took his medicine for a while and it did me no good, so I told my husband to go to town and get me some of Doctor Pierce's medicine as I thought that would help me. He went and got a bottle of Golden Medical Discovery and a bottle of Favorite Prescription and some Peppermint. I commenced to take them and in a few days I could see that they were helping me, so I kept on taking them for several months. I don't know how many bottles I took, but I got so much better that I could do all my housework and washing and ironing. Now when I feel bad I get a bottle of the 'Discovery' and take it, and it helps me right away."—Mrs. MARY E. BATLEY.

A story from Virginia last week relating the blowing of a safe in the office of a lumber company said the burglars boarded a B. & O. train and the safe officers were still in pursuit. We'll make a bet that if they moved with any speed they soon overtook the train.

The last legislature put the ban on the Cochee dancers and the fortune tellers at the county fair. This takes away the last feature of the old time country fair that is now breathing its last. Time was when a man could get anything at a county fair from a light to a foot race. Then the legislatures and the officers of the law began to get busy and the county fair lost its glamour. We can remember when we used to try to pick up the shell under which the little black ball reposed. When we used to put our money on the fortune wheels and divers other games of chance in which we had no show to win. Then later came the bookmakers when we had an opportunity to back our judgment on the winning horse. We nearly always lost but it was lots of fun. But the county fair like the faded wild and woolly west is now but a memory. A score of years hence we can sit in the chimney corner while the winter winds howl outside and regale the youngsters with tales of the good old days of the county fair, gone never to return.

## DO YOU WANT TO BE PATRIOTIC?

If so, use all the gasoline you can. The government needs fuel-oil; and in order to get fuel-oil, all of the explosive elements such as naphtha, gasoline and kerosene must be extracted from the crude product; consequently, don't put off buying that Ford car for fear of not getting gasoline. There will be plenty of gasoline, and don't forget that I have a Standard Oil Service Station, where you can get Red Crown Gasoline and Eureka Motor Oil and Greases, in large or small quantities.

MAJESTIC CHANGES

Manager Green M. Luttrell of the Majestic Theatre has announced some further changes in the programs to be offered the public at his theatre. The Par Alta productions are among the added features.

This company presents J. Warren Kerrigan, Bessie Barriscale, Henry Walthall and like stars. These Par Alta screen productions will alternate on Mondays with the Four Square Photoplays now being featured.

Tomorrow a Four Square production, "The Great White Trail" will be a feature at the Majestic, while next week on Monday the second of the Par Alta plays featuring Bessie Barriscale in "Madame Who" will be presented.

Manager Luttrell also announces that on Tuesdays Jewel productions will be featured. The first of these was presented last Tuesday and much appreciated by the Majestic patrons.

Next Tuesday another Jewel photoplay will be presented entitled "The Sirens of the Sea."

With the presentation of Jewel pictures on Tuesdays, making the admission 5 and 10c on that day, Mr. Luttrell is now presenting four strong features each week, on Monday, Tuesday, Wednesday and Saturday.

THIS WOMAN KNOWS

She Proved that Lydia E. Pinkham's Vegetable Compound Does Help Suffering Women

Watertown, N. Y.—"Last fall when I was expecting to become a mother I was in very poor health. I suffered from a female weakness so I did not have strength enough to do my own work and could not stand on my feet for any length of time. Lydia E. Pinkham's Vegetable Compound did me good and I improved in health so that when my baby came the doctor said he never saw a woman get along any better than I did and I know it was Lydia E. Pinkham's Vegetable Compound that helped me."—Mrs. ERNEST BEEBE, 124 Wyoming Ave., Watertown, N. Y.

Women who continually overtax their strength until they get into such a weakened condition should profit by Mrs. Beebe's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

For special suggestions write Lydia E. Pinkham Medicine Co. The result of its long experience is at your service.

## DR. CARSON

Chicago Specialist

In the treatment of Chronic Diseases, will be at the Dunlap Hotel, Jacksonville, Ill., Wednesday, Feb. 27, 1918. ONE DAY ONLY. (Returns every 28 days.)

Hours, 8 a. m. to 4 p. m.

Seventeenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and then return.

IS THIS THE WAY YOU FEEL? Are you tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you indigestion? Have you flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble? Have you back pain, backache or limp? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carsoned System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT. If you are a sufferer from any of the above named troubles, it has made life an agony to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

NERVOUS DEBILITY—Are you nervous, depressed, weak, tired, morning sickness, ambition, poor memory, early fatigue, excitable and irritable, eyes sunken, red and blurred, restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength.

Private Diseases a Specialty!

The action of Bio-feron on the system is so beneficial. We are so sure of its giving you positive health and vigor, providing, of course, there is no serious, chronic ailment such as cancer, tuberculosis, etc., that we only sell it on the condition that you agree to return the empty package and accept a refund of your money unless you are entirely satisfied.

There is no use waiting for health and beauty. It is better to do things today than tomorrow. Go to your physician today—right now—he will advise Bio-feron. Then start taking it at once as he advises or as directions on the package call for. The guarantee protects your money. Interesting booklet may be had for the asking.

Large package \$1.00 at all leading druggists or direct if your druggist can not supply you. The Sentinal Remedies Co., Inc., Cincinnati, Ohio.

## Strive To Have Healthy Skin

Next time you are in a gathering of women note the different conditions apparent in complexion. You will see some filled with blackheads, some dry and rough, some smooth and greasy, some smeared with rouge, some streaked with heavy metallic powders and once in a while you will see one that is a demonstration of intelligence from every point of view. The color is rosy, the skin is clear and smooth, the pores are small and open, the powder does not show on the firm vigorous skin. Every woman can have a good complexion if she will only use a little discretion. If you would acquire real beauty, the beauty of perfect health, you must replenish your worn-out nerves with leichin. Nature's own nerve restorer, and put into your blood the invigorating iron which Nature intended it to have for health. In most of the modern foods these and other vitalizing elements have been largely eliminated. Yet to be healthy and beautiful the system must have them. They are found in Bio-feron, not only in proper proportions to restore weakened nerves but in such form as the system can best assimilate them.

A treatment of leichin and iron peptonate as combined in Bio-feron increases the appetite, aids nutrition and invigorates the patient.

And Bio-feron in its pellet form is easy and palatable to take—no liquid

iron discoloration of the teeth, no unpleasant taste.

There is no secret or mystery about Bio-feron. Doctors prescribe it regularly because they know exactly what it contains as well as what it will do and they know they could not formulate a better up-building tonic.

## REMOVAL NOTICE

On, or about March 1st, 1918, we will move to quarters in the Arcade Furniture Store, 231 East State. We do not care to move more goods than necessary, so you will find plenty of bargain prices during the next 10 days. Our business is growing—we need room—this move gives more space and lower expense.

## Practice Economy

One of our customers told us the other day that since she has become acquainted with our method of renewing garments, she has saved at least half on her yearly clothing allowance.

When she becomes tired of a certain gown she has it dyed a different shade. When her suit becomes soiled or wrinkled she sends it to us for cleaning and pressing.

Hundreds of the town's best dressers are doing the same. Why not you?

## Don't Be Unfair

to yourself or your Government, or say you never had an opportunity. With the demand for everything you can raise on a farm far-and-away ahead of the supply and prices higher than ever before, all renters, farm hands and those with limited capital who know a good thing on sight and would like to turn farmer, should get busy and cash in on this chance-of-a-life-time before it is too late, help win the war and help themselves at the same time. Tell me how much you can invest, what you want to raise, whether you would prefer to live in Colorado, Wyoming, Montana or Nebraska, and I will tell you how you can homestead a whole section of land or secure an improved farm on mighty easy and attractive terms. Sit right down and write me today—there's no time to lose if you are to get started this spring.

## MEREDOSIA HOME GUARD MET SATURDAY

Were Instructed by Major Hugh E. King—William Hall Seriously Ill—M. E. Epworth League Plans Reception—Other Meredosia News

Meredosia, Feb. 23.—Mr. and Mrs. Clyde McAllister were Jacksonville visitors Wednesday.

J. C. Berger of Arenzville was a visitor here Thursday.

Wm. Hyatt and wife have returned from an extended visit with relatives at Cooperstown.

Dr. McCann of Mt. Sterling was a professional visitor here Monday.

Mrs. Mary Cody has been confined to her bed the past week with illness.

Peter E. Arnett of Ennis visited Tuesday at the home of Mr. and Mrs. George Arnett.

Misses Beulah and Verna Pond spent Tuesday in Springfield and the remainder of the week with relatives at New Berlin.

Mrs. Emil Brockhouse has returned from an extended visit with her mother at Barry.

Frank Todd of Jacksonville was a business visitor here Wednesday.

Miss Ada Moss was a Springfield visitor Tuesday.

Mr. and Mrs. George Unland, Mr. and Mrs. Frank Unland and Mrs. Phillip Hinners attended the funeral of Mr. Unland's sister, Mrs. Lucy Schaefer, at Beardstown Wednesday.

The Epworth League of the Methodist church will give a reception for the men converts of the recent revival meetings on next Tuesday evening.

Joseph Schmidt is confined to his bed with a severe attack of bronchial trouble.

Mrs. Robert Rainey of Decatur is visiting her sister, Mrs. James Galaway, having arrived Wednesday.

Paul Sieving visited in Springfield from Monday until Wednesday.

Mrs. Mary Butcher celebrated her ninety-second birthday anniversary last Saturday. She is enjoying good health considering her age.

The river at this point is clear with the exception of the floating ice coming from above, and has been raising rapidly this week.

William Hall, living in the southeast part of town, is seriously ill with no hopes of recovery.

Ross Stanner who has been so seriously ill for a number of weeks, is slowly improving.

Mr. and Mrs. Lee Sheppard and A. G. Gant of Wood River, have been visiting Mr. and Mrs. Luther Cline.

The Home Guards will meet at the High school auditorium Saturday evening. Major Hugh E. King will be present to instruct the members.

Mrs. John Risor attended the funeral of her mother, Mrs. Anna Elizabeth Theobald in Jacksonville Friday.

## DO YOU WANT TO BE PATRIOTIC?

If so, use all the gasoline you can. The government needs fuel-oil; and in order to get fuel-oil, all of the explosive elements such as naphtha, gasoline and kerosene must be extracted from the crude product; consequently, don't put off buying that Ford car for fear of not getting gasoline. There will be plenty of gasoline, and don't forget that I have a Standard Oil Service Station, where you can get Red Crown Gasoline and Eureka Motor Oil and Greases, in large or small quantities.

C. N. PRIEST, THE FORD MAN

## ILLINOIS COLLEGE NOTES

John Curren, member of last fall's foot ball team who left college recently has gone into the aviation corps and is now at Rantoul.

Edward Clifford, '26, is working on the War Trade Board with the rank of Lieutenant Colonel.

There will be no devotional service at Academy Hall this evening.

An Illinois College Prohibition Association was recently organized with the following officers:

President—Clyde Land.

Vice-President—Ruth Turner.

Secretary—Wilbur Rogers.

Treasurer—Bessie Campbell.

This association will be a chapter of the Intercollegiate Prohibition Association. In view of the proposed amendment to the federal constitution more than ordinary interest is taken by the students in the prohibition movement.

Mr. I. B. Turner, instructor in mathematics and physics, acted as referee at a basketball tournament held in Criggsville Friday.

Several students are seriously considering the Junior Plattsburg Camp for the summer. Only a limited number of students will be admitted into this camp from each educational institution. As previously announced Professor Edward Capps, '87, is president of the Junior Plattsburg Camp. Last year 600 young men were enrolled in this camp.

Miss Farrington, instructor in German and French, is spending the week end at the home of Miss Anne Pessel, '19, in Belleville.

The dramatic "stunts" given by the four college classes at the annual president's reception Thursday evening were all of a very high order. The class of 1918 carried off the first prize for the third time. Their stunt was a pageant of the founding of Illinois College, written by Paul Watkins. The freshmen put on "The Freshman's Dream". It proved to be a very clever stunt; the Sophomores produced "The Harmonic Wedding", written by Robert Shoemaker and Charles Capus; and the Juniors presented "An Allegory" written by Ralph Baker.

FOR SHERIFF.

I hereby announce myself as a candidate for the Republican nomination for sheriff, subject to the primary election.

George L. Stice.

## THOLEN FUNERAL TO BE HELD AT BLUFFS TODAY

Services for Aged Resident to be Held at Family Home—Interment at Exeter Cemetery.

Bluffs, Feb. 23.—Mrs. Enoch Tholen passed away at her home Thursday morning after an illness of two years, aged 70 years, 60 months and 4 days. Her last illness came upon her two months ago from which she was confined to her bed the greater part of the time. She grew to womanhood near Exeter and was united in marriage to Valentine Bentz Oct. 10th, 1866. Six children were born of this union, one daughter, Anna, dying in infancy. The husband preceded her in death Nov. 7th, 1889. The following children survive—Edward, Lewis, Albert, and Frank Bentz, all of whom reside in the vicinity of Bluffs. One daughter, Mrs. Lana Hyler, also of Bluffs, survives. She is survived by the following brothers and sisters: George and William Huffker, Exeter; Mrs. Carl Nagel, of Bluffs; Mrs. George Kohlen, St. Jose, Ill.; Mrs. Harmon Nortrup, Bluffs, and Miss Emma Huffker who resides at the family home near Exeter. On Sept. 3rd, 1907 she was united in marriage to Enoch Tholen of Bluffs, who survives her. She was a faithful member of the Lutheran church at Neeleys and was a regular attendant when her health would permit.

Funeral services will be held at the family residence 11 o'clock Sunday, the Rev. J. Deterding, pastor of the Lutheran church officiating. Burial will take place at the cemetery at Exeter.

WOMAN'S COLLEGE NOTES

The outstanding event of the week at Illinois Woman's College has been the thoro organization of the students for the study of Christian internationalism. The object of this organization is two-fold. First, to study the Life of Christ, second, the need of these Christian principles in the world today, third the need of the Christian principles in North America, and first to live these principles at whatever it costs, on the Campus, second in the nation, third in the world. Two chapel exercises were turned over to the students for this organization. They now report an enrollment of one hundred percent in every class. This is the same work which is being done now at Vassar, Mt. Holyoke, Wellesley and other prominent Colleges.

Wednesday afternoon at two-thirty Miss Walker gave another one of her lectures on Food Conservation and its relation to the war. Friday morning at the chapel hour she addressed the entire student body about food conservation lines, showing the need of the world and how it is necessary for America to produce much more than before. These lectures will be given at regular intervals in the Chapel, and are most interesting.

Miss Hazelle has been asked by the Springfield High School to take charge of putting voice training in class in the High School, as accredited work. This course is an experiment which will be watched with interest by all educators.

In the Physical Training department the activities are concerned now with the exhibition which will be given in a short time. Up to the present it has been impossible to use the swimming pool owing to the conditions of water which was available.

It is hoped that the pool will be in use the last few days of February and continuing until the close of school.

Washington's Birthday was celebrated properly Saturday night at the College. After the dinner the faculty and the students went to the gymnasium where a clever program was given. A number of the students represented famous characters in history. Paul Revere's ride was read by Miss Prettyman and several other numbers were given, including a sketch by Miss Armstrong and Miss Louis Reed. The Glee Club concluded the program of entertainment.

President Harker will preach at the Christian church this morning.

Mrs. Harriett A. Nelson of 903 West College avenue has donated to the library a complete set of Scribner's Monthly, bound.

RECEIVED UNIQUE PRESENT

Saturday little Harlan Ainsworth Eyre, aged 2 weeks, was the recipient of a rather unique present, for one of his age, from his parents, Mr. and Mrs. A. R. Eyre's friend, Lt. J. Homer Ainsworth, stationed at Rockford, Ill. The present was a beautiful American flag 4½ feet by 6½ feet. Mr. Ainsworth said he hoped Harlan would grow to a realization of the benefits to a baby born under the stars and stripes.

Charles Gilbert of the west part of the county was transacting business in the city yesterday.

WHENEVER you listen to a Re-Creation of THOMAS CHALMERS' voice on this instrument you are actually listening to Thomas Chalmers' voice.

We know of no stronger way to praise the fact that the interpretation by the living artist and the interpretation by the instrument are absolutely indistinguishable. In that plain assertion lies the whole story. On that simple, explicit statement rests the entire structure of Edison's new art. The voice of Thomas Chalmers in the flesh and the voice of Thomas Chalmers in the instrument are one and the same.

Can we prove this? We have proved it. Our famous tone tests have settled the question once and for all. They have convinced over two million listeners that Thomas A. Edison achieved the impossible in

## The New Edison

"The Phonograph with a Soul"

Just what is the Edison tone test? It is a simple, convincing demonstration of the fact that there is not a shade of difference between the artist's and the instrument's interpretation.

The artist sings. Suddenly he ceases and the instrument takes up the song alone. Can any difference be detected? That is the question. Thomas Chalmers, Anna Case, Marie Rappold, Arthur Middleton; these are but a few of the great artists who have conducted these tests. And in not one instance when the lights were lowered to conceal the singer's lips has a listener been able to say when the living voice left off and the instrument began.

There are other sound-reproducing devices. But you have never heard of any other manufacturer who dared submit his instrument to this relentless test.

Call at our store and satisfy yourself about the strong claims made for the New Edison.

## W. L. ALEXANDER AGAIN LOCAL BUSINESS MAN

During Past Year Has Made Extensive Investments Here—Always a Jacksonville Booster—Hardware Store to be Moved Later to No. 13 West Side Square.

W. L. Alexander who recently purchased the Gay hardware stock has made known that he will conduct the business under the name of the W. L. Alexander Mercantile Co. For some time to come the store will be operated at the present location on South Sandy street, where Mr. Alexander has the stock rearranged and augmented and a competent sales force. Later—that is as soon as the extensive improvements are completed in the interior of the store room at No. 13 West Side Square which Mr. Alexander recently purchased, the stock will be moved there. In this building he will have larger facilities than the present quarters afford and a location more advantageous.

Mr. Alexander is by no means new to the business life of Jacksonville. He was for many years a successful merchant here and when he went away for a period of years it was to seek a wider field. He is one of those who has always had faith in Jacksonville and after he left everyone who knew him was familiar with the fact that he was continuing a "Jacksonville booster" and declared that some day he expected to return to again become a citizen and "get into business."

Faith in Jacksonville. More than a year ago Mr. Alexander returned to Jacksonville and the immediate testimonial of his faith in the city was the erection of the Alexander apartments on West State street. This building is the first of its kind in Jacksonville and represents the best city ideals in residence conveniences. Following his general rule Mr. Alexander had only the very best materials enter into the construction of this building and gave the work his personal attention. Later as further evidence of belief in the city he had known thru so many years Mr. Alexander purchased from the Weil estate the building on the west side of the square which he is now to occupy as a hardware store. At the time of purchasing he had no certain idea in view other than that he believed he was making a good investment. For more than a year past he has been looking about for some business opportunity here and after full consideration decided upon the hardware line and so determined to acquire the

George S. Gay stock which was recently offered for sale.

Mr. Alexander was always strong financially, and his property holdings have so increased in recent years that now he is rated higher than ever before. This fact is especially so in the hardware line, for an extensive stock such as Mr. Alexander expects to carry will require the investment of considerable capital. He is not new to the hardware business for that line was included in his extensive store in Corydon, Iowa, and he has had other experience along the same general line.

Always Hustling for Business. To whatever business Mr. Alexander turns his attention he gives untiring energy and the most earnest thought. So it is very certain in his present establishment that "business will move." He has the habit of inspiring his fellow-workers with the same energy and push that marks his own every day life and a continually growing business is in prospect.

It is worth while mentioning in this connection that the re-entrance of Mr. Alexander into Jacksonville business circles means that he is bringing capital into the community. Some business enterprises make money here which is spent elsewhere but Mr. Alexander came back with his thousands to invest in Jacksonville property and to help swell the volume of local business. He is the kind of a man who will add materially to the local sum total of business and hustle, and the hardware store of the W. L. Alexander Mercantile Co. will rank with the other successful enterprises of the proprietor.

## FUNERALS

Snyder.

Funeral services for Adam Snyder were held from the residence of his daughter, Mrs. Eva Litter, 204 East Walnut street Saturday afternoon at 1:45 o'clock in charge of the Rev. A. A. Todd, pastor of First Baptist church. Following the services the remains were taken to Little Indian where further services were conducted at the grave by Dr. Todd.

Music was furnished by Emory Carter, W. W. Gillham, Mrs. Harry Stevenson, Mrs. Samuel Orrin, Miss Gertrude Anderson and L. L. Litter. The flowers were cared for by Mrs. Anderson, Mrs. Van Wormer, Mrs. Helen Angell and Mrs. Harry Stevenson.

The bearers at the home were Thomas Paschall, Emory Carter, Allison Thomason, John Boddy, Al Jewsbury and J. A. Sheppard. The bearers at the cemetery were: James Gowden, Martin Culler, John Asplund, Roy Conover, L. L. Litter and Samuel Orrin. Burial was in Zion cemetery.

White

Funeral services were held Saturday afternoon for Mrs. J. H. White at the residence on Prospect street, here a large gathering of sympathizing friends gathered. The services were in charge of the Rev. T. H. Marsh of Decatur and Rev. A. A. Todd, pastor of the First Baptist church. Rev. Mr. Marsh read various suitable passages of scripture. During his pastorate here the minister had come to know Mrs. White well and to appreciate the strength of her character and the beauty of her spirit. Only a week or ten days since when in the city he sat beside her couch to talk of days gone by and then on spiritual things and the world to come. It was the testimony of Rev. Mr. Marsh that Mrs. White had approached the end with calm confidence that while she knew that her going would bring sorrow to the family circle, that her will was in accord with that of her Maker and when the summons came she was in every way ready.

Rev. Mr. Marsh spoke of the troubles that come to all in this world—as young people and when they come to old age. A certain amount of trouble and sorrow seems to be an essential part of life. But, as the minister pointed out, while there is trouble the ability to believe is also given as a certain relief—as an aid and thrust life—and from this cause sorrow if often turned to gladness and tears into brightness. "If it were not for what we can believe and for the hope of things that lie beyond, life indeed would be a place of sorrow and of grief. So in Mrs. White's life belief—the knowledge of things to come—gave a broad outlook and she was permitted to see things in their right proportions and to know that all things work together for the good of those whose trust is placed in God. It is this same ability to believe that brings relief at the hour of earthly parting, for those who remain can look forward to a glad reunion in other days to come."

Rev. Mr. Marsh closed the house services with words of prayer and then the cortege moved to Diamond Grove cemetery. The bearers were A. B. Williamson, Joseph Shreve, L. S. Doane, E. E. Hatfield, C. C. Schureman and George Miller. The many beautiful flowers were cared for by Mrs. Harriet Lander, Misses Verne Smith, Anna Hopper and Anna Long. At the cemetery Rev. A. A. Todd conducted the services.

### Clover Leaf Booster Club.

The members of the Clover Leaf Booster club enjoyed a banquet at the Clover Leaf offices Saturday evening at seven o'clock. There were about forty present and a four course luncheon was served. After the banquet a short business meeting was held and following this a social hour. A. F. Cooper of Decatur was an out of town guest of the club.

### Gave Birthday Party.

A surprise party was given in honor of Miss Priscilla Strawn Saturday afternoon at her home on Sandusky street, by her aunt, Mrs. A. D. Arnold and Mrs. Ator. The room was decorated in keeping with Washington's birthday and the afternoon was spent in playing games. Prizes were won by Lois Harney and Katherine Goebel. Refreshments were served and a feature of the afternoon was a birthday cake. Miss Strawn received many handsome gifts and when the guests departed it was with hearty wishes for many happy returns of the day.

### Mr. and Mrs. Hadden Observe Anniversary.

Mr. and Mrs. Charles E. Hadden entertained a number of their young friends at their home west of this city Saturday evening. The event was in honor of their eighth wedding anniversary. Cut flowers were used in decorating their spacious rooms. At 7:30 o'clock their guests were asked to the dining room where a delicious supper was served by the hostess. The evening was spent in games and music. Vocal numbers were furnished by Miss Ethel Stewart and Edwin Gordon. At a late hour the guests departed wishing their host and hostess many more happy years of married life. The guest list included: Misses Mary Morris, Marie Miller of Waverly, Ethel Stewart, Pearl Dewesse, Ruby Dewesse, Nannie McKinney, Sallie McKinney, and Elsie Cully; Messrs. Edwin Gordon, Samuel Wood, Ben Cully, Clyde Black, Charles Schofield, Mr. and Mrs. W. G. Hadden, and Mr. and Mrs. Homer Morris.

### Mrs. E. H. Gray Entertains the Domestic Science Round Table.

At the pleasant home of Mrs. E. H. Gray on West College avenue the Domestic Science Round table met yesterday afternoon. The principal topic was landscape gardening and the speaker was C. C. Capps who also invited questions, a number of which were propounded him and answered by him as he has devoted much time and attention to flowers and their suitable arrangement. An enjoyable musical number was by Misses Charlotte Sieber and Rena Rexroat on violins accompanied by Miss Geraldine Sieber on the piano, the selection being "Petit Duo Symphonique" by Pours. In honor of the nearby birthday of George Washington the house was decorated with Washington emblems, ferns, and tulips. Ice cream with cherry cake and coffee were served with red hatchet favors and delicate baskets of confectionery were distributed. The hostesses were Mesdames O. F. Buffe, J. H. Danskin, H. C. Clement, H. L. Caldwell, J. T. Duffner, J. H. Fritts, Cass Hamm, John Knapp, H. A. Perrin, G. A. Sieber, H. V. Stearns, A. L. Taylor, W. B. Young, Thurman Haskell, Charles Fawcett, Clyde Singley, C. The very name of Friedlander spells satisfaction in the way of amusements, and the public has become accustomed to expect nothing but good in the way of music, witty books, gorgeous costumes, wonderful scenery, from this pleasure-giving theatrical firm. "The Suffragette Revue", their latest offering is headed this way and will play the Grand Theatre next Monday. It is notable for its cast of principals and bery of beautiful girls. There are nineteen people in the company, mostly girls.

### ASBURY CHURCH

There will be services at Asbury church Sunday at 2:45 p. m. Preaching by the pastor, W. W. Theobald.

### DAVID GIGER FARM SALE

A farm sale was held on the Alex Wilday farm 4 miles west of Arenzville on Thursday February 21. Theodore E. Hierman has purchased the farm upon which Mr. Giger resided, possession to be given March 1st, and Mr. Giger found it necessary to dispose of his farming equipment. He intends to reside in Arenzville, where he will engage in the automobile business with John G. Berger dealing in Chevrolet cars.

Many features were added to the sale, implements commanding a high figure. Mr. Giger had a blacksmith shop on his farm and all implements were kept in good shape and showed having had good care and attention. To many implements small handy devices had been affixed, and such care was appreciated by the bidders.

Live stock brought a good price, as well as did the work animals. One span of mules aging 12 and 14 years brought the neat sum of \$390.00. A large crowd attended the sale and bidding was spirited. H. Merle Beddingfield was the auctioneer and O. H. Niemann clerked the sale. The neighbors and friends of Mr. Giger wish him success in his new venture.

## VIRGINIA HIGH LOSES TO JACKSONVILLE HIGH

Cass County Boys Defeated In a Rough Game By Score of 25 to 9—Jacksonville Shows Improved Form—Fierke Star of Game On Offense and McDougall and Smith Played a Great Defensive Game—Springfield Won from Waverly.

Jacksonville high won her first game on the home floor Saturday night by defeating Virginia high by a score of 25 to 9. The game was rough thruout the players of both teams receiving some hard falls.

Jacksonville displayed better form last night than at any time this year. This was especially true in basket shooting. Fierke was the bright particular star in this department getting six baskets. Rexroat and Green also showed good form and did some excellent team work in conjunction with Fierke.

On the defense the team did excellent work. While the bulk of this fell on Smith and McDougall all of the men did good work keeping the visitors away from the basket. It was to Smith and McDougall, however, that the praise is due for making the visitors take long shots in orders to get their points.

French, McNeely and Cline were the point scorers for Virginia while Meade at center played a strong defensive game. All of Virginia's points were mostly made from long shots. They had many opportunities to toss foul baskets but had no one who could get the ball inside the hoop.

The players of both teams seemed to be laboring under a great nervous strain and at times resembled a cat as catch can wrestling match more than a basketball game. It kept Referee Weddell on the jump all the time and he probably worked harder during the two twenty minute periods than any player on either team. The score:

Referee, Weddell, Y. M. C. A. Springfield, 16; Waverly, 10.

Springfield high defeated Waverly at Waverly Saturday night by a score of 16 to 10. The game was one of the best ever seen on the Waverly floor and kept the spectators in a great state of excitement thruout.

The teams were evenly matched and at the end of the first half the score was a tie at 6 all. Springfield presented a changed lineup from that she has used all season. Teasley was moved from center to a forward position and Hodde sent to center. Poscover did not start at the beginning of the game, Springfield evidently thinking she had an easy task.

For Waverly Hughes and McMahon were the chief point makers. However, Springfield guarded Hughes so closely that he was able to get but one field basket. Tate, Teasley and Poscover scored Springfield's points. Poscover threw seven free throws which gave the victory to Springfield. The score:

Referee—Callihan, Knox. Y. M. C. A. 55; New Berlin, 25.

The Y. M. C. A. overwhelmed New Berlin at New Berlin Saturday night by a score of 55 to 25. The Y men were in fine form and got so far ahead that they were able to loaf in the latter part of the game. Had they extended themselves it is probable they would have been able to run the score up to the century mark.

Tomlinson and Dunscomb each made enough points to win an ordinary game. The former totaled 23 points and the latter 18 points. The other points were made by Cully and Hull. For New Berlin the chief point maker was H. Watson who seemed to be the only New Berlin player able to break thru the Y. M. C. A. defense successfully. The score:

## MRS. L. H. DAVIS DIED AT CALIFORNIA HOME

Wife of Former Pastor of Westminster Church Passes Away Following Extended Illness.

A telegram received yesterday by C. W. Taylor of Grove street announced the death of Mrs. Leonidas H. Davis at Los Angeles, Cal. The message from Rev. Mr. Davis gave no facts other than to state that the passing of Mrs. Davis was at 11:25 o'clock Saturday morning. The deceased had been in ill health for an extended period and it was in hopes that she might be benefited that they were resident in the western state.

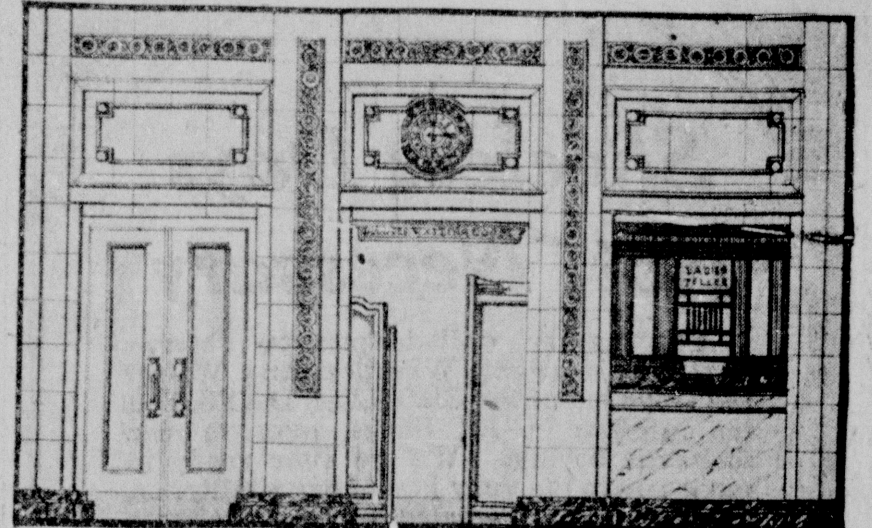

While Rev. Mr. Davis was pastor of Westminster church in this city those who came to know Mrs. Davis held her in high regard. She was a woman of broad culture and had been liberally educated in eastern institutions.

### FAREWELL BANQUET FOR VINCENT LAVERY

United Commercial Travelers Banquet Head of Local Order Who Leaves Monday for Camp Taylor—Nearly One Hundred Present and Give Mr. Lavery a Rousing Send-off.

Members of the United Commercial Travelers to the number of nearly one hundred gave a banquet at the Pacific hotel Saturday evening in honor of Vincent Lavery, who leaves Monday for Camp Taylor with the fourth increment of men from Morgan county.

Mr. Lavery is Senior Counsel for the local branch of United Commercial Travelers and is the first one to go from Jacksonville who is head of an organization. It was thought by his many friends that some note should be taken of his departure and the banquet was the result.

Following an excellent banquet, Bernard Gause was introduced as toastmaster and there was a flow of wit and pathos from various speakers. All of the speakers voiced their appreciation of Mr. Lavery as a man and as the presiding officer of the order. He was wished good speed and a safe return after he helps whip the Huns.

Those who responded were: Lieut. Dinsmore, Frank Bode, Jacob Magid, E. P. Taylor, Gerald Taylor, James Conover, Larry Krause, Lloyd Brown, O. E. Tandy, George Haigh, Louis Cain and Vincent Lavery.

### ARRANGEMENTS FOR PARADE MONDAY

Will Be Headed By Chief Marshal of Occasion, Major C. E. McDougall.

In the parade to be held for the selected men who are to leave for Camp Taylor Monday the following will be the line up. The procession will be headed by Major C. E. McDougall, mounted, followed by the color bearer, platoon of police, fire and drum corps, Boy Scouts, Grand Army veterans, members of the Woman's Relief Corps, members of the exemption board, the selected men, city and county officials, and citizens. The parade will form in front of the court house at 3:30 o'clock. The line of march will be as follows: west on West State street to Dunlap hotel, counter-march to square, around south side to East State street, east on East State street to Alton station.

The speaking at the Court House will begin at 2:30 o'clock and seats will be reserved for the G. A. R. and W. R. C. delegations.

### WOMAN'S ALL COUNTY DIVISION HAS CONFERENCE

Reports of Committees are Heard and Plans Made for Aggressive Work Made at the Meeting.

At Trinity parish house yesterday afternoon was held a conference of the all-county woman's division of the Council of Defense. There was a good attendance with President Mrs. A. L. Adams in the chair. It was decided to send Dr. Josephine Milligan in France, an outline of the work planned. Mrs. Andrew Russell reported on finance; Mrs. Applebee on publicity; Mrs. W. B. Duncan on registration and said prospects for the complete enrollment of all women in the county were better; Mrs. R. I. Dunlap told of Red Cross work and Mrs. P. P. Thompson said a speaker could be had for expenses. Mrs. Ben Lurton spoke on women and children's work and Miss Maria Fairbank spoke on home charities giving valuable advice. Miss Martha Coale, county nurse, spoke along the same line and Mrs. J. P. Doan told of the meeting recently held at Bloomington. Miss Kuechler told of the work of the high school girls; Mrs. Pitner announced her intention to survey town garden spots, and Miss Anna Bellatti told of courses of instruction and numbers registering, ninety in nursing, sixty in telegraphing, etc. It was decided that the county organization would be as follows:

1. Chairman—Regular and Coordination work.
2. Vice Chairman—Child Welfare.
3. Secretary and Treasurer—Finance Committee.
4. Publicity and Information Committee.
5. Conservation of Food Products.
6. Red Cross Committee.
7. Speakers and Courses of Instruction.
8. Home Charities and Women and Children in Industry.
9. Health and Recreation Committee.

The Concord Committee has been named.

**JOINT WATER  
COMMITTEE TO MEET.**  
The city commissioners and the citizens' water committee will hold a meeting Monday afternoon at 4:30 o'clock at the city hall. City Clerk R. L. Pyatt has been in communication with a number of engineers regarding the selection of a site for the proposed impounding reservoir, and it is probable that at the Monday afternoon meeting a report will be made in regard to securing a consulting engineer to aid in this work. It is expected that several propositions will be submitted to the joint committee for consideration.
